Guns Blast Reds As Allies Defend Seoul

Bold Stand Announced By Van Fleet

Communists Pour Toward Torn City As U.N. Forces Dig In

TOKYO, April 30 (AP)—Allied artillery laid an explosive curtain of fire before Seoul today in the path of a gathering Red army intent on seizing the old South Korean capital as a May Day prize.

United Nations forces arrayed before the war-shattered city fired 45,709 rounds of artillery Sunday.

The booming echo of massed artillery implemented the announcement of Lieutenant General James A. Van Fleet, Allied ground commander, that Seoul will be defended.

Chinese Communists poured down from the north for a mass assault. Airmen spotted 3,365 red vehicles moving along the western front. Twenty thousand Communists were reported gathered as shock troops for the assault.

Only probing attacks were reported in the early hours today.

On Sunday, General Van Fleet announced his bold decision to defend Seoul. He plans a defense north of the city, not house-to-house street fighting.

General Douglas MacArthur and Lieutenant General Matthew B. Ridgway had made no attempt to hold the city against the Chinese offensive earlier in the year. They said it was of no military importance.

But General Van Fleet said Seoul has prestige as Korea's historic capital. He described the Seoul area and the line of the Han River which flows south of the city as "vital and strategic".

U.N. forces, he said, "welcome the opportunity to destroy the Communist army north of the Han".

One of General Van Fleet's corps commanders said the final decision on whether his men hold the Han River "depends on what is thrown at us".

That comment came from Major General William M. Hoge of the Ninth Corps, who said:

"We're in good shape with what we have, but could use more troops."

The Reds have plenty of reserves, despite 70,000 casualties suffered in their 7-day-old offensive.

The Red radio at Pyongyang reported Sunday midnight Communists were only seven and a half miles from Seoul.

Heavily-censored field reports indicated they were much closer today. Censors blue-penciled all mileages.

'Not Too Black,' McFarland Declares

WASHINGTON, April 30 (AP) — Senate Democratic Leader McFarland said after a White House briefing today that the situation in Korea "didn't seem to look so black".

The Arizona Democrat told White House reporters: "The withdrawals seem to be orderly."

Vogeler Flies Back To U.S.

Leaves Vienna After Warning Americans

VIENNA, April 30 (AP)—Robert A. Vogeler and his family left Vienna by plane today for the United States.

Mr. Vogeler, freed from a Hungarian Red prison last week, mustered his shattered strength to deliver what he called "a message" to the American people yesterday before a television camera and microphone. He broke down once, but insisted on continuing.

"I am convinced," he said, "that my incident (arrest by Hungarian Communists as a spy and saboteur) is just one of a series of planned attacks on democracy.

"The American people must be made aware of what can happen. I feel that every individual American should realize that what happened to me can happen to them if we don't all band together to destroy these enemies of individual freedom."

Mr. Vogeler disclosed that while in solitary confinement he was forbidden to whistle, hum or even talk aloud to himself.

ON MOVE AGAIN. Carrying a load that probably would strain the back muscles of a mule, this Korean sits disconsolately beside a road north of Seoul and wonders which way to go. He is among the thousands who have been in almost constant motion, depending on the tide of battle. Battered Seoul again is being deserted by the civilian population.

Lightning Bolt Cuts Power To Chester Plants

1,400 Workers Idle; Thunderstorms Pelt District With Rains

Some 1,400 employees of three Chester plants were idle today because of a power failure blamed on the week-end lightning and thunderstorms. Dam 8 reported 0.54-inch of precipitation from the heavy rains.

The Taylor, Smith & Taylor Co. said about 1,000 were idle with part of the packing shed crew working; the Harker Pottery Co. had 350 idle, and Continental Kilns said 65 workers returned home when the plants were unable to start operations this morning.

The T. K. Roofing Co. said it resumed production about 8.30 with about 60 employees affected by the delay.

All the industries expected to resume full production Tuesday.

Plants in Newell had to move their clocks forward nearly two hours, instead of one, to make the change to Daylight Saving Time.

Saturday night's storm caused a power failure there that lasted about 45 minutes, according to the electric clocks. They had power this morning, however, and there was no interruption of production.

Scattered power interruptions in most parts of Hancock county occurred Saturday night between 7.30 and 11 when lightning bolts blew fuses in transformers in various areas, according to the Chester office of the Monongahela Power Co.

This morning's failure was limited to the Chester area when transformer fuses in the substation there gave out, apparently an aftermath of Saturday night's widespread electrical storm. Power went off at 5:36 a. m. and resumed about 8.35, according to E. C. Dye, Chester manager.

Mr. Dye remarked it was the worst electrical storm he ever had witnessed in respects to electrical power interference.

He said extra work crews were pressed into service Saturday night and all day Sunday, re-

Water Cut-Off Due In West End Section

Water service will be interrupted Tuesday morning for about 30 homes in the vicinity of the West End School while the Water Department makes a connection for a new line.

The department said the turn-off will be made at 8 a. m. and service will be restored in an hour and a half to two hours.

It will affect homes on Vandine Alley, Denver St., Gaston Ave., and Edwards Ave. The connection is for a new line on Aten Ave., the office said.

Truman Rips Soviet Again On War Aims

Submits 60 Billion Budget For Fight If Reds Unleash Might

WASHINGTON, April 30 (AP)—President Truman today sent Congress a $60,679,414,690 defense budget and said Russia's rulers have pushed the world "to the brink of a general war".

The huge requested appropriation is for the United States' own military costs and to help arm its allies.

The message broke down in more detail the military estimates included in Mr. Truman's general budget, sent to Congress in January, for the fiscal year beginning July 1.

In a letter to House Speaker Rayburn, accompanying today's estimates, Mr. Truman said:

"If the Soviet Union chooses to unleash a general war, the free world must be in a position to stop the attack and strike back decisively and at once at the seats of Soviet power.

"We believe that the best path to peace is through building combined defenses for the free world sufficiently powerful to insure disaster for the aggressors if they launch a new world war."

The over-all figure was broken down into these sub-totals:

▶$1,424,839,700 to pay for various projects Congress already has authorized.

▶$56,179,414,690 of "new obligational authority"—meaning for direct expenditures and for letting of contracts for future payment.

▶$4,500,000,000 to cover needs "for a large military public works program to be recommended soon for authorization".

Mr. Truman noted that the amount of actual spending proposed for the next 13 months was not changed much from his January estimates. Actual spending from the treasury may lag far behind appropriations because it takes several years to fill some military contracts.

Mr. Truman said:

"The revised estimate of expenditure for 1951 (the fiscal year ending next June 30) is 19.4 billion dollars, compared to 20 billions carried in the January budget. For fiscal year 1952, ex-

Acheson Claims Successes For Stand

WASHINGTON, April 30 (AP)—Secretary of State Dean Acheson today claimed successes for the stand this country has taken in Korea and said the best chance of real victory lies in firmly holding to that line.

He explained to the United States Chamber of Commerce that it may be possible there to convince the enemy that "his aggression cannot pay".

Wife Suffers Burns In Fire

Small House Razed, Contents Destroyed

A Shadyside Ave. woman was burned about the face, arms, hands, and neck Saturday afternoon when a fire of undetermined origin destroyed her one-room frame home.

Mrs. Irene Flowers, wife of Everett Flowers, was treated at City Hospital about 5 p. m. According to the hospital, Mrs. Flowers had made several trips into the burning house.

Firemen said the entire house was aflame when they received the alarm at 4:22 p. m.

The blaze started in the attic, but the cause is unknown.

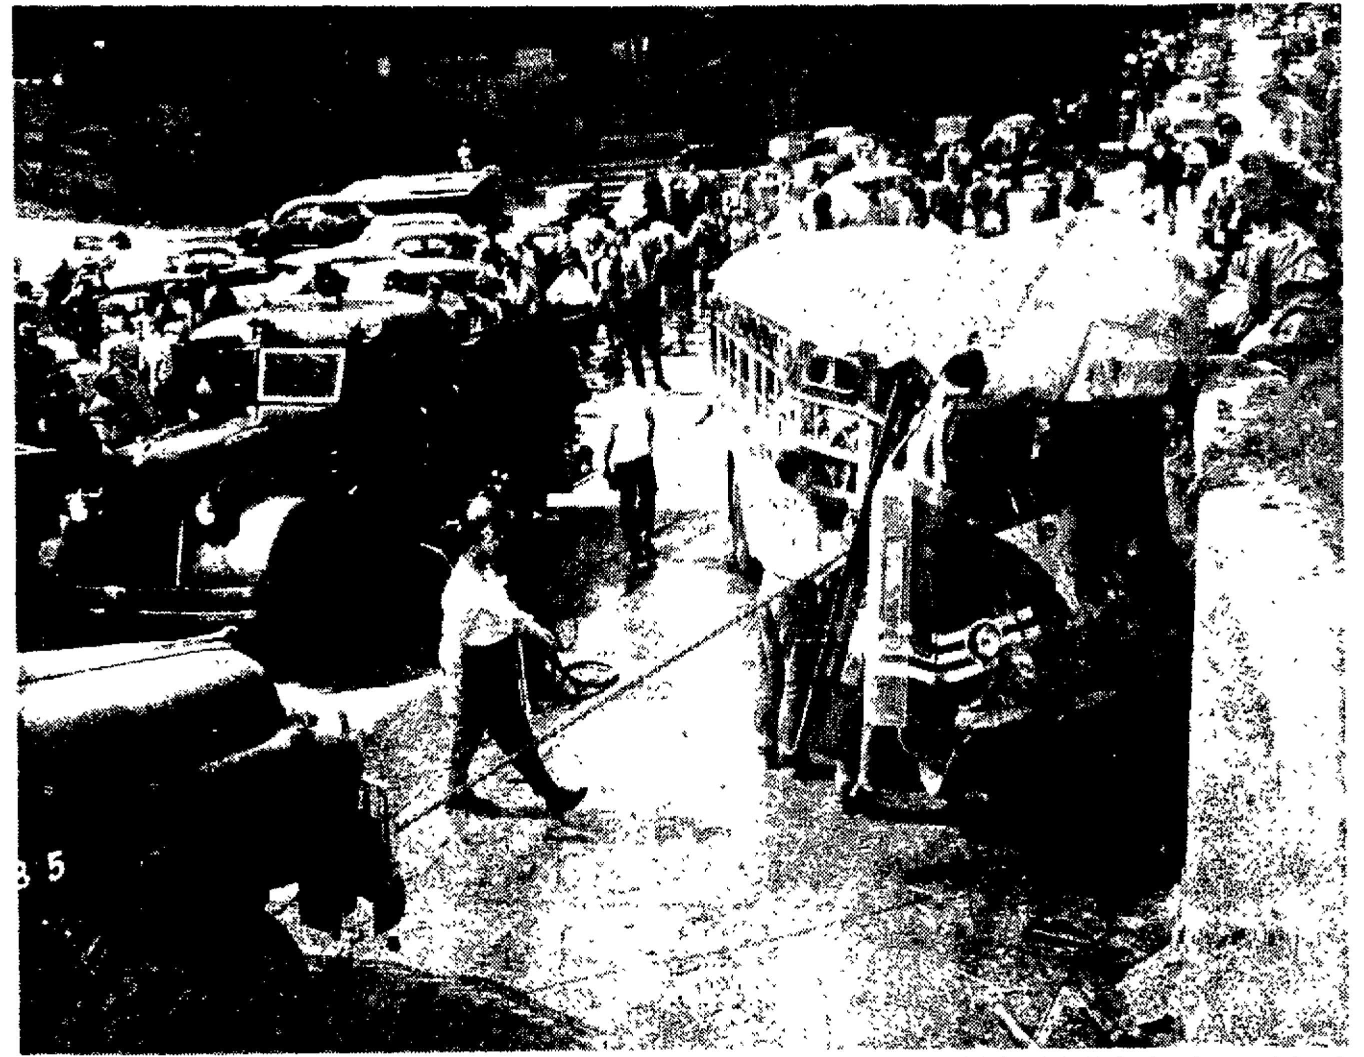
Six firemen spent more than two hours fighting the fire with two streams of water. Booster tanks on trucks from Central Station had to be refilled before it was under control.

Contents of the house also were destroyed, the department reported. The building is owned by Aaron Moore.

The department treated 3-year-old Nancy Hamilton after her toes were scalded Sunday at 10.17 a. m. at the home of her parents, Mr. and Mrs. Robert Hamilton, 731 Green Lane.

Firemen were called to West Fifth and Jackson Sts. Saturday at 3:50 p. m. to flush gasoline leaking from a parked car.

DEATH TOLL HITS 10 IN WEIR BUS WRECK



DEATH BUS. The battered front of this bus stands as mute evidence of Sunday's crash which has left 10 dead and many injured at Weirton. Efforts were being made here to dislodge the bus from the concrete wall which brought its wild dash to a tragic end.

46 Injured In Wild Dash Down Hill

Church-goers Are Victims As Vehicle Hits Concrete Wall

WEIRTON, April 30 (AP)—A runaway bus raced down a mile-long hill on Pennsylvania Ave. yesterday and crashed into a concrete wall, taking the lives of 10 persons.

Just before the horrifying smashup, the driver, George Kraina, 35, cried to his church-bound passengers:

"Hang on everybody! We're going to crash!"

Those were his last words. He was dead when pulled from the twisted wreckage.

Some of the nine passengers were killed outright. Others died a short time afterward. Of the 65 persons aboard, 46 were injured. At least three, including a child, were reported critical.

Police said there were no eyewitnesses and no indication of how fast the bus was running, but one of the uninjured passengers, 14-year-old George Stunda said:

"We must have been going 60 before we hit that wall."

Patrolman Joe Rodak, who with Patrolman Frank Ticich, was the first to reach the scene in the quiet residential neighborhood, said:

"It was like a gruesome jigsaw puzzle. Most of the children and adults were piled up in front of the bus. Bodies were all tangled together in distorted positions. Others were pinned in the wreckage. There was blood on everybody."

Most of the passengers were en route from their homes in suburban Weirton Heights to downtown Weirton, where they were to attend mass at St. Paul's Catholic Church.

A priest was among the first at the scene. He went among the passengers to administer the last rites.

"The old people were wonderful," said Patrolman Rodak. "They insisted we take out the youngsters first."

In addition to the driver, the

Pedestrian Hit In One Of 4 City Mishaps

Elderly Man Receives Lacerations When He Steps Into Car's Path

An elderly pedestrian struck by an auto Saturday night was the only casualty in four East Liverpool week-end traffic mishaps, police said.

John Najem, 73, of 317 West Sixth St. was admitted to City Hospital for treatment of lacerations on the left side of the body and the top of the head and abrasions of the forehead and right knee. He was released Sunday.

Police said he was hit about 7:55 p. m. on Jefferson St. at West Sixth St. by a 1949 model car driven by Edward W. Clendenning, 1030 Main St., Wellsville.

Mr. Clendenning told police the pedestrian stepped in front of the car and he was unable to stop.

A parked car and a fence were sideswiped in a River Road mishap at 9:49 p. m. Sunday, police said.

Nabbed In McKees Rocks

Baden Man Identified As Bandit In City Holdup

A Baden (Pa.) man nabbed Saturday after the stickup of a Pittsburgh district loan office has been identified as the robber who obtained $320 from the Household Finance Corp. office on the Diamond April 2.

Clarence Trowbridge, 30, who used a toy gun hidden by a handkerchief to rob the M. F. Snyder Loan Co. of McKees Rocks of $220, has been identified from photos by three women employees of the East Liverpool firm, police said.

Police regard as "clinchers" the fact that the bandit here used the hand-under-handkerchief approach and gave his name as Trowbridge on a fake application he filed to get into the manager's office.

McKees Rocks authorities said Trowbridge escaped from the office with a big handful of $5, $10 and $20 bills, but was nabbed after a three-mile chase through the nearby Pittsburgh & Lake Erie Railroad yards.

Pursued by employees of the loan company and police, Trowbridge was found hiding under a bridge. He surrendered without a struggle. Officers said a discarded toy gun was found on the railroad tracks and Trowbridge admitted using it in the stickup.

A similar holdup was staged at the Time Loan Co. in Steubenville the day after the East Liverpool robbery. The Steubenville bandit's description and method of operation fitted the East Liverpool robber.

Police have four witnesses to the local robbery. They are Miss Ann Rolley of East Fourth St., Mrs. Pearl Payne of Beechwood, Mrs. Wilma Baumgarner of Wellsville, employees, and G. F. Bright of Oakwood Ave., the manager.

The three women already have identified a photo of Trowbridge as the bandit. Police said they will check later with Mr. Bright, who is out of town, and a taxi driver who took the local bandit suspect to Steubenville shortly after the holdup.

Steubenville authorities also are checking Trowbridge, held at the Allegheny County Jail in Pittsburgh. Authorities said Trowbridge was paroled Dec. 30 from a 5-to-10 year sentence given him in January, 1944, for the beating and robbing of a Baden grocer. Another 5-to-10 years was tacked on in 1946 when he escaped jail, but was recaptured quickly.

Trowbridge's brother, Robert, 25, also of Baden, was nabbed in a similar robbery a week ago.

Hopes To Get Three Million

Reese Will Sell Pottery; Workers To Share Cash

SCIO, O., April 30 (AP)—Pottery manufacturer L. P. (Lew) Reese, who has shared profits with his employees since 1932, is going to sell his plant. That, he explains, is so he can divvy up the money with the workers before he dies and inheritance tax eats it up. The pottery has more than 800 employees and nearly every adult in this little Harrison county village of 1,200 works there.

Mr. Reese said he hopes to sell the plant to a Chicago buyer in Pittsburgh Tuesday for about three million dollars. After that he plans to work out a plan for dividing the money.

If he should own the plant when he dies, Mr. Reese said, "the inheritance tax would be about 70 per cent. By selling, I'll only have to pay a 25 per cent capital gains tax".

Mr. Reese said he will require the plant's buyer to continue his labor relations program of sharing earnings with the employees. He also specifies that he be given a 10-year contract as general manager.

His pottery workers have received more than one million dollars since Mr. Reese took over the plant in 1943. That policy paid off in 1947 when the two-million-dollar works was destroyed by fire. The employees helped provide the money and labor to rebuild it.

Now 58, Mr. Reese said he never felt better in his life, "but you never can tell".

MacArthurs Visit Her Tennessee Home

NEW YORK, April 30 (AP)—General and Mrs. Douglas MacArthur left Idewild Airport at 9.51 a. m. today for a flying visit to Murfreesboro, Tenn., Mrs. MacArthur's home town.

"This is the 14th anniversary of my wedding," the general said just before he and his wife and his son, Arthur, 13, boarded the big Constellation plane, the Bataan. "It's just like starting a new honeymoon."

Hoover Cites 'Corruption' In War On R.F.C.

Tells Senate Group Why Loan Agency Should Be Liquidated

WASHINGTON, April 30 (AP) — Former president Herbert Hoover said today the Reconstruction Finance Corp. should be liquidated, largely because its original purpose has become "submerged in support of risky business".

He said "favoritism and corruption" have been demonstrated in its operation.

Mr. Hoover, who recently urged that the R.F.C. be abolished, was to appear before the Senate banking committee to tell the reasons behind his view.

In a statement prepared for the committee, he said:

"I believe that the R.F.C. should be liquidated.

"I believe some facilities for loans in the small business field should be continued under other organizations."

Small business loans, the former president said, should be taken over by the Federal Reserve banks.

Mr. Hoover is one of a number of witnesses called by the committee, which is trying to decide what to do about the R.F.C.

The R.F.C. was created by Congress Jan. 22, 1932, during Mr. Hoover's administration, "to provide emergency financing facilities for financial institutions, to aid in financing agriculture, commerce and industry".

Requirements governing the R.F.C.'s operations have been relaxed since that time, the former president's statement pointed out.

Mr. Hoover submitted a list of loans the R.F.C. has made to hotels, distillers, brewers, theaters and bowling alleys.

"Another list could be made of loans to beauty parlors, pool rooms and a snake farm," he added.

"What public interest there can be in operations of these types of business at the taxpayers' risk is difficult to see," the statement said.

3 Die In Tank Hit By Train

7 Others Injured At Barberton Crossing

BARBERTON, O., April 30 (AP)—An Ohio National Guard tank lumbered into the path of a speeding Erie passenger train here yesterday and three of the tank's five-man crew were killed. One was injured. Six persons on the train were hurt, none seriously.

Earl Lybarger, who lives near the crossing in this Akron suburb, said two men leaped from the 33-ton Sherman tank before the six-car train struck.

The dead are Ronald Peterman, 19, of Barberton, William Livingston, 22, of Doylestown, and Dale Cox, 27, of Akron. All were members of the O.N.G.'s 137th Medium Tank Battalion, 37th Infantry Division, which had been on maneuvers at near-by Portage Lakes.

One of the two guardsmen who jumped from the tank, Carl Nichols, 29, of Akron, was reported in fair condition today at Citizen's Hospital here. The other, Don Jamieson, 24, of Rittman, O., was unhurt.

Parts of the tank were strewn 1,000 feet along the tracks: The train bounced off the track and tilted at a precarious angle.

The engineer of the train, J. F. Mason, 61, of Marion, O., said: "I was coming around the curve (800 feet from the crossing) and saw the tank pulling onto the tracks. But it was too late."

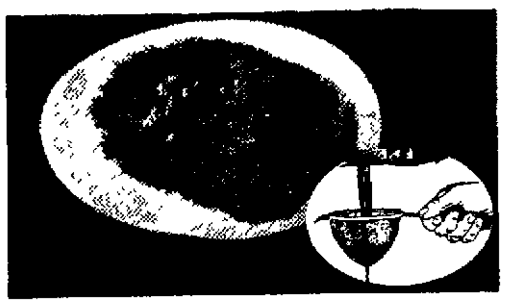
THE CHASSIS OF YOUR CAR WAS SPLASHED BY SALT, SLUSH AND MUD ALL WINTER. These under-parts affect braking, steering and general safety. Certainly this is no year for a hit-or-miss lubrication job here. The entire Sohio service organization has been specially trained to give careful, conscientious attention to every detail of this vital work. Sohio lubrication will pay off for you more than ever this year as part of SOHIO POST-WINTER CAR SERVICE.



WE'RE FINDING MORE WINTER-MADE SLUDGE IN CAR ENGINES THAN EVER BEFORE. Slower driving, shorter trips, cold starts and excessive choking have built up sludge rapidly. The filter cloth above, showing sludge taken from an average engine, may also show what's in *your* car. As every car manufacturer agrees, if this sludge is not removed, it can cause extensive damage. Sohio urges every motorist to come in for an oil drain now, and a refill with a fresh, heat-resisting, anti-sludge Sohio motor oil as part of its POST-WINTER CAR SERVICE.

Sohio's special Post-Winter Car Service is designed to check winter damage and restore the good health, safety and efficiency of your car now before winter damage can make further headway. Bring your car in now and avoid the rush . . . phone for a convenient appointment if you wish.

Keep Those Buttons Shiny

WE DO NOT KNOW how many policemen there are in the United States. It seems like 50,000,000 when they aren't wanted—5,000 when they are.

But all of them have been having a rough ride lately, because the impression has been getting around that policemen are part and parcel of the corruption of public authority by hoodlums, racketeers and vice organizers. A job that is no fun at best is being made a little rougher.

This is a bad break for all good policemen, and all policemen who would like to be better than the public will let them be. It takes away some of the prestige of a position which certainly is not made attractive by either the pay or the risk that go with it. Policemen, too, have ideas about what causes corruption of government—and some of the ideas are not flattering to "law-abiding citizens".

Left-Handed Favor

STATE REPRESENTATIVE Clarence Wetzel says he was the victim of a deception when he was asked to introduce House Bill 297, enlarging the powers of the State Bridge Commission.

He has taken a self-administered oath—"From now on, before I put in a bill for anyone, even my own sister, I want all the facts in front of me to my own satisfaction."

That sounds like a good rule, applicable to lots of other things beside legislation. Probably three-fourths of the bills that find their way into the State Legislature wouldn't get there if they'd hang just such a sign over the doorway.

However, Mr. Wetzel can take satisfaction in one thing. If he hadn't dropped that bill in the hopper, it's conceivable that the collection of tolls on the bridge would roll along indefinitely, with the public blissfully unaware the bridge had been bought and paid for.

That bill stirred up the whole investigation. A committee from the Chamber of Commerce got interested in the Commission's books—and the battle was on

In the normal course of events, the committee would have waited for the Commission's 1950 report to be issued to check on the figures. And that report seems to have disappeared in the Dead Letter Office. It hasn't been handed to Governor Lausche yet, and we are four months into 1951.

So Mr. Wetzel's blunder turns out to be a left-handed favor.

Strategic Retreat

CERTAINLY one of the hardest blows to American pride in the Korean war has been strategic retreat.

The blow is falling again as the enemy puts overwhelming pressure against the center of the defensive line across Korea. American soldiers are yielding to the pressure, fighting rear-guard actions, withdrawing to "previously fortified positions". It is no comfort to citizens at home, and probably no comfort to those fighting in Korea, to know that the enemy must pay dearly for his gains. Americans, too, are paying heavily for their losses. Much of the bitterness about the Korean war has stemmed from this dependence on attrition. It makes losses harder to bear. It is not in the great tradition of American militarism.

It is, however, in the great tradition of Asiatic warfare—and that may have a powerful influence over the Chinese Reds in the long run. One of the things remaining to be learned in Korea is how many times the Red generals can make their hordes rush forward to their death without accomplishing anything Then too, have a problem of morale.

Machine Rule

A PSYCHOLOGIST in the University of Chicago, Dr. L. L. Thurstone, says machine rule could be the real thing one of these days Machines could come pretty close to producing U S. Supreme Court rulings right now, he points out. All you need to know is what shaped the minds of the human beings who make the decisions, and automatic decisions could be obtained more rapidly by pushing a button.

Dr. Thurstone seems to think this would be new and different. Apparently he never heard of a government board packed with puppets for pressure-bloc minorities which must be appeased for political purposes. Their decisions are automatic.

Neither has he heard of public officials who get into power by toadying to the right people, and thereafter keep right on toadying. Nothing could be more automatic than the decisions they make. Or a New Deal liberal confronted with a proposition to be liberal with a billion dollars' worth of other people's money: it takes no special machine to figure out what he will decide to do.

Dr. Thurstone is late with his apparatus for machine dule.

Everit B. Terhune, vice-president of the Chilton Co., New York publishers of trade magazines, studied abroad to be a concert violinist before going into the publishing business.

Behind The News

By George Sokolsky

No Man Is All Powerful In American System

IN GOING through the material on the curious Dollar Line case, which has been in the courts for about six years and brought to Secretary of Commerce Sawyer a charge of contempt, I found this item

"Judge Bennett Champ Clark said he was an old friend of the president, but:

"'If you have any idea that a letter from the president of the United States has any weight in court, you are very badly mistaken. We have the greatest respect for the office of the president of the United States, but he is not a lawyer and he has no more standing in this court than any other citizen. The president has no right to influence litigation by letter to somebody'."

It is curious that the President finds it so difficult to grasp the essentials of our system of government based upon the independence of the three branches of government.

Judge Clark is to be congratulated on a courageous statement on the exclusive independence of the judiciary, an attitude which too many of our judges have abandoned in these days of pressures and pressure groups. In fact, a conscientious judge should not even read a letter, not in evidence, in a matter pending before him.

Yet, we notice in the press constant references to individuals and associations addressing letters and petitions to judges during litigation. The process is antagonistic to our conceptions of justice.

—:—

OUR PEOPLE seem to forget that the president of the United States is an official of limited authority whose rights are prescribed by the Constitution.

The writers of the Constitution did not want a despotic king. Had they such a view of the presidency, they would have chosen George Washington king for life, with an arrangement concerning the succession. But they had had all they wanted of George III, a German who tried to be an autocrat in England and over her colonies. Therefore, the powers and the tenure of the president were sharply curtailed.

For instance, a federal judge is appointed for life or good behavior. A United States senator has a six-year term. But the president is limited to a four-year term and Washington, who possessed an unerring instinct for the future, set the precedent of a limit of two terms, a rule followed diligently until Franklin D. Roosevelt managed to set it aside. The two-term limitation is now law.

Granted that the functions of the executive branch of the government have increased since the Constitution was written, the structure of our government has in no manner been altered and it is upon that structure that our freedom depends.

This is particularly true with regard to the courts, for were they to lose their independence, the executive could indeed become a tyrant.

I have, from time to time, called attention to the peril of the ruthless censorship which the President insists upon in relation to testimony of military personnel, even of high rank.

For instance, not even a five-star general, to say nothing of lower ranks, may testify before a congressional committee, save within the margins set by the Defense Department.

—:—

IN SIMPLE language, none of their testimony may be believed, not even that of General Omar Bradley or General Eisenhower because it is not free testimony; it is circumscribed and limited.

What will happen, for instance, in the MacArthur situation when General MacArthur, General Wedemeyer, General Ridgway and others testify as the Defense Department does not wish them to testify? Will they all be court-martialed?

The President seems to adopt the attitude that he is the government of the United States.

But that is precisely what the Constitution seeks to avoid.

The president is one of five officers whom Americans elect to federal positions. These five are president, vice-president, two United States senators and one member of the House of Representatives. No American can vote for more than these and in the eyes of the law, they represent equal branches of the authority of government.

By a system of checks and balances, the Constitution arranges that no one branch is without a relationship to another.

For instance, the president appoints the chief justice of the Supreme Court. Yet that court can declare an act signed by the president unconstitutional and the chief justice presides over the Senate sitting as a court in an impeachment proceedings.

Ours is a system in which no man is all powerful and in which no one man prevails.

(c) King Features, 1951

Inside On Labor

By Victor Riesel

THERE WAS A time four years ago when C.I.O. leader, Mike Quill, went searching for a gun so he could protect himself—and planned to remodel his home so no goon could poke a pistol through a ground floor window.

The Transport Workers Union chief had just broken with the Commies and, from his intimate knowledge of them, knew he had better protect himself. He sought out what allies he could get.

But now, apparently, Mr. Quill believes the Chinese Communists are less of a menace to us than the American Stalinists were to him. For he's willing to use his prestige and union newspaper to discredit a ready ally—ready with a powerful army in the Orient.

Nowhere in the U. S. during this bitter debate over General MacArthur have the former supreme commander in the Far East and General Chiang Kai-shek, been so virulently blasted as they were last week by Mr. Quill. He charged that General MacArthur had wanted to work with Chiang, the man who "must have taught many lessons to such tyrants as Hitler, Mussolini and Stalin".

The full-page editorial blast by Mr. Quill is filled with words like "MacArthur, his banker friends and the warmongers . . .". It is reminiscent of language used by Mr. Quill back when he didn't need to search for protection against the American Commies.

—:—

MR. QUILL goes soft every once in a while, just as he did when the notorious Lee Pressman, self-admitted member of the first Communist cell to infiltrate our government, came to this C.I.O. vice-president, in recent months, and asked him to get him labor contacts.

Mr. Quill telephoned Phil Murray and pleaded for this friend of Alger Hiss — this self-admitted contact man with the Communists' higher ups. Mr. Pressman went to Mike Quill after having tried a maneuver which was weird even in the nightmarish history of the lefty shadowland.

Last year Mr. Pressman, once one of the most powerful men in America, telephoned a very reputable attorney, friend and secretary at one time or another to Supreme Court justices. Mr. Pressman wouldn't say why on the phone.

Out of curiosity the counselor went to Mr. Pressman's now tiny law office. Then Lee put it to him. The once all-powerful left-winger asked his visitor to trot him around in the presence of respectable and eminent citizens so he could cleanse himself of his pro-Communist reputation.

Watch for a knockdown fight between some union giants—with a newly-angered John L. Lewis once again taking on the rest of labor. Mr. Lewis is bitter at having been blackballed on all war boards by Phil Murray, Walter Reuther and the A.F.L.'s dynamic George Meany.

—:—

THE NEW feud started the other day when this A.F.L.-C.I.O. coalition handed President Truman a list of six men to head the controversial new wage board. The one man who had been virtually agreed on in the past was missing from the little list.

He was the erudite David Cole —who had been slashed by the other labor chiefs because it got around that he had lunched with Mr. Lewis. Assistant President John Steelman offered Cole the job anyway by long distance phone Mr. Cole turned it down.

Now Mr. Lewis is blasting Mr. Reuther, around whose shoulder Mr. Truman very ostentatiously threw a cordial arm, in full view of the nation's labor and business leaders inside the White House. Mr. Lewis' private press refers insultingly to Mr. Reuther as "thinking with his mouth . . . (and) . . . again displaying his profound ignorance . . .". And Mr. Lewis' right-hand man, the miners' union vice-president, Tom Kennedy, is going through the coal areas telling this story:

"When World War II started there was a gentleman of Polish extraction who lived on a farm in the anthracite region. He drove into town one morning and went into Willy Doherty's saloon. Willy knew him and said, 'Well, John, there's a big war going on'. John says: 'Who's fighting?' Willy says: 'England, France, Belgium, the U. S., Italy . . .' And he went down the line. John says 'Ireland fightin'?' Willy says: 'No, Ireland's not in it.' 'Oh', says John, 'no big war'."

And, Mr. Lewis' lieutenant adds: "That's true of the situation in Washington today. With the United Mine Workers out of this picture, it's no big fight."

This happened in the White House and reveals how close Mr. Truman now tries to get to the labor people with whom he's been feuding. The other day they were discussing the new wage board and one union leader, who very much wanted it set up as they had it planned, told the President that Attorney General J. Howard McGrath had ruled it illegal. Mr. Truman snapped:

"Look, you tell me what you want to do and what you want and I'll get the ruling!"

Are The Generals Going Political?

By Walter Lippmann

SENATOR TAFT'S attack last Thursday on the joint chiefs of staff and on General Bradley is one more, among many, serious symptoms of a dangerous disease—of the growing confusion in this country about the proper role of the generals in a republic.

Mr. Taft himself is a rather striking example of the thoroughly confused man. He is annoyed because on Tuesday, April 17, just about when General MacArthur's plane was arriving in San Francisco, General Bradley delivered a prepared address in Chicago which argued the administration case against General MacArthur.

Mr. Taft might well have complained that General Bradley ought not to be making speeches on controversial questions of high policy. But that is not what Mr. Taft is annoyed about.

He is annoyed because the chairman of the joint chiefs of staff agrees with, instead of differing from, the high policy of the President, who is his superior officer. Mr. Taft is not criticizing, as he could have and should have, the public intrusion of a military man into matters which it is not his business to discuss.

What Mr. Taft complains about is that when General Bradley did intrude into this field he did not say what Mr. Taft would have liked to have had him say.

—:—

THIS IS, I submit, a confused and in fact a silly complaint. If General Bradley or the chiefs of staff are expected, are invited, or are compelled to make speeches and to give testimony about questions of high policy, they cannot differ publicly with the President of the United States, they cannot side with his political opponents, and still continue in their offices.

Mr. Taft ought to address himself to the question of whether generals should engage in public debate on controversial issues. If he took the position that the generals should do no public talking on these matters, that they should leave all the talking on these matters to their civilian superiors, he would be returning to first principles.

Unfortunately, Mr. Taft has lost sight of first principles in this grave matter, the relation between the civil and the military power. For his view of the proper role of the chiefs of staff is that they are a kind of high tribunal of experts, independent of and superior to, the President and his secretary of state, and that they may be expected to lay down the law of national policy whenever there is—and there always is—a strategic consideration involved.

I say this of Mr. Taft because 15 months ago he joined Senator Knowland in demanding that General Bradley be summoned before the foreign relations committee of the Senate to say whether he agreed with the President on the question of Formosa.

Mr. Taft could easily have found out privately what General Bradley thought about Formosa. No one who had a firm grasp of first principles would have wanted any general to testify publicly on such a disputed question of high national policy.

—:—

MR. TAFT'S confusion in this matter is most unfortunate for the country. As the leader of the opposition, he ought to be making a public issue of the way in which the Truman administration has abdicated its responsibility and has thrown that responsibility upon the generals and upon the admirals.

Some of the generals and admirals may enjoy it. But the best of them would be glad to be rid of it, knowing that it is inconsistent with the good conduct of our government and with the integrity and efficiency of the chiefs of staff.

But willy-nilly, the responsibility has been thrust upon them. It has been thrust upon them because the Truman administration is a very weak administration, lacking confidence in itself, almost prostrate with its inferiority complex in the presence of generals, aware of its mediocrity and inexperience and its political vulnerability.

And so, when it has had difficult decision to take, when it has had unpopular measure to propose to Congress, it has turned to the uniformed staffs, to the big military personages—asking them to make the hard decisions and to sponsor them, to lend their prestige to these measures, in the public debate.

This has encouraged the opposition party to find military personages of its own to lend glamour and prestige to the opposition.

Here is the most unattractive aspect of the MacArthur affair. We now see the beginnings of an altogether intolerable thing in a republic—namely, a schism within the armed forces between the generals of the Democratic party and the generals of the Republican party.

No Future In It

By Truman Twill

THERE being no secrets from the customers who do not expect to find anything momentous in this column anyway, the lambs whose potential arrival was talked about here last winter have begun to arrive.

Most professional sheep herders, for obvious reasons, would plan the arrival a great deal earlier this this. But for a neophyte, there is much to be said for the warm-weather timing. It does away with the necessity for hanging around on cold nights with warm blankets and restoratives.

This year, for just about the first time since the 19th century, a lamb has enough potential value to command respectful attention.

If a fellow were to buy up enough grazing land and enough sheep to take him out of the sideline category, he could earn a fair return on his investment. Provided, that is, that the people who see devils behind the trees when anyone besides themselves yearns for earnings did not make so much fuss that the politicians would think they had to pass a law against sheep.

Aside from that, the big problem would be dogs. The paradox of sheep herding is the victimizing of these timid animals by their most understanding friends. Sheep invariably yield to the impulse to run when they are chased. Dogs yield to the impulse to chase whatever runs.

Consequently, many a flock of sheep has literally been run to death by dogs. If the dogs were savage, they finished the job by going to work on the bodies of their spent and helpless victims. Ist isn't as bad as it used to be, thanks to dog wardens, but it is still the main worry of sheep men who are not in constant watch over their flocks.

A sheep man is someone who has enough sheep to be in business—say 500. Or 1,000, to make a more impressive total. The average lambing figures out at about 1 3 a year per ewe. With a 50-50 break on the sexes, a neophyte starting out with a dozen sheep could become a sheep man in about 10 years, provided he lived that long, all the sheep lived that long and his funds held out.

Take it from a neophyte, it would not be worth the effort.

The Soviet Olympics

SOVIET Russia announces it will compete in the Olympic games. A claim that Zeus was a Russian and that the first victor was not Coroebus but Ivanoff Coroebuskanoff is expected. We propose the following events:

PART ONE

Throwing the 100-Pound Excoriation—(Russian competitors to be allowed to throw with both hands at a time of their own choosing. Judges to be named from editorial board of Pravda.)

Poie Vault—(Soviet contestants to jump last. Height of its vault to be determined by Kremlin decree. All nations limited to two jumps except U.S.S.R., which will continue to jump as long as it likes in accordance with party principles.)

100-Yard Walkout—(Russia to give any competitor on earth a start of 50 yeards and walk out with the least provocation and the greatest speed.)

200-Yard Walkout—(Russian entries to consist exclusively of delegates to diplomatic conferences.)

1,000-Yard Relay Walkout—(This will be officially known as the Andrei Gromyko Heel & Toe Event. Limited to delegates to the United Nations. U.S.S.R. contestants to be allowed to beat the gun and shout while walking.)

—:—

PART TWO

Hurling the Veto—(Open to U.S.S.R. and satellites only. Veto to be hurled without a warm-up or practice motion. Moscow claims to hold world record for hurling the veto ice cold and will stand for no dispute of claim. Use of resin bag in veto hurling illegal. Should any Russian entered for this event be unable to participate, veto may be hurled by a committee of his own choosing)

—:—

PART THREE

200-Yard Hurdles—(Finish line to be decided by Joe Stalin AFTER each heat and following official description of the race from Izvestia Watchdog Committee.)

Wrestling—(Soviet team to have right to pick opponents, name time of events and establish own rules for grip and holds. U.S.S.R. wrestlers to be allowed to break scissors, headlock and toehold by veto)

Boxing — (Soviet boxers to tape own fists without supervision, wear gloves of any weight desired and shorten any round in keeping with politburo policies. Rule about going to neutral corner after a knockdown to apply to other nations only. Russian boxers to be permitted to frame precedural rules in such a case.)

Basketball—(Russia to use invisible basket, announcing score by proclamation.)

—:—

PART FOUR

Double-talkathon—(U.S.S.R. to spot any nation a 2,000-word lead and beat it with ease.)

500-Yard Glare—(Russian team to be made up of Kremlin diplomats of at least five year's training in answering a protest with a fixed look of extreme violence.)

Upside-down Marathon—(Here is the feature event of the Olympics for 1952. Competitors to carry the torch inverted, passing it on while reaching backward, a difficult trick in which the U.S.S.R. team has a big advantage. Contestants must run forward while facing backwards. Putting on running shoes backwards permitted.

Names of event to be known as Nohtaram (Marathon spelled backwards). Event to be started by Messers. Malik and Vishinsky. Mr. Malik will fire a starter's pistol standing on head and will insist he is not starting a race but responding to an act of aggression. Mr. Vishinsky will blow a whistle from the wrong end calling off the race on his contention that it was run and decided the previous day, "as is well known everywhere".)

Yesterdays

From The Review Files

THIRTY-FIVE YEARS AGO — C. V. Beatty George H. Owen, Harvey McHenry, Frank Crook and L. E. Connor organized the Potters Realty Co. with capital stock of $25,000.

Assessor Andrew Goodballet of the First Ward started to make his rounds, listing taxable property of residents on Mulberry St.

The Gilt Edge Camping Club of East Liverpool selected Port Huron, Mich., as the site for its annual camp to be conducted during the month of July.

—:—

TWENTY YEARS AGO—Dr. A. C. Frost, dentist, was elected by City Council to fill out the unexpired term of the late Patrick McNicol as councilman at large.

Briggs & Turavis, Inc, of Chicago, owners of the Youngstown & Ohio River Railroad, announced the line between East Liverpool and Salem would be junked.

Hummel's Family Orchestra was organized here by Mr. and Mrs. Ray Hummel and their seven children, ranging in age from 6 to 18.

—:—

TEN YEARS AGO—The Emmanuel Presbyterian Church was granted use of two classrooms in Taft School for Sunday worship services while improvements were being made to the church on Park Blvd.

The Board of Education approved organization of classes in electric welding at the plant of the Patterson Foundry & Machine Co. to train workers for national defense jobs.

County Game Warden Lon Boring said 1,800 trees had been shipped to Lisbon by the State Conservation Department for planting at the McKinley Boy Scout Reservation.

PROSPECTIVE witnesses before the revived Senate crime investigating committe hope for easy terms and long credit under the management of the smiling Irishman.

—:—

It isn't that Senator O'Conor really is any easier on a witness, but he has a way of inspiring a chill in a warm-hearted manner.

—:—

This time the committee will deal with drugs and dopes . . . dopes as in drugs.

—:—

When my barber heard they were going to investigate dopes, he said: "Good. And I hope they start at the top."

—:—

So far the program has not been booked for television. The military committees have the next public option.

—:—

But at the moment they're not sure whether to put General MacArthur before the cameras. Instead of fading away, he comes in strong and clear.

dead are Diana Jackson, 10; Mrs. Florence Herkle, 40; Mrs Elsie Ulizio, 53; Mrs. Josephine Kulow, 50; Peter Balt, 60; Mrs. Angeline Welshans, 26; Alfa Lawson Smith, 13, all are from Weirton Heights, and Valentino Grossi, 58, of Weirton, and Patsy Rock, 6.

Patrolman Ticich paid high praise to the driver, saying he almost succeeded in keeping the bus from smashing into the wall.

This apparently is what happened, the officer declared:

The bus was proceeding normally near the top of the hill when it suddenly picked up speed. Mr. Kraina was unable to stop on the winding hill—so steep that most autos ascend in second gear.

"We don't know yet why the driver could not stop," Patrolman Ticich continued. "There are reports, which we are unable to verify, that the driver tried to ditch the bus in a slag dump on the side of the road, but was prevented by an on-coming auto."

The bus ran about three-quarters of a mile before it came to the bottom of the hill. Patrolman Ticich said Mr. Kraina tried to swing onto a residential street.

Just as he turned, the left front end of the bus smashed into the retaining wall.

"A few more inches, just a few more inches, would have made all the difference in the world," Patrolman Ticich declared.

The bus belonged to the Pittsburgh and Weirton Bus Co.

The accident happened within 300 feet of the home of Mr. Kraina, dead driver of the bus. His widow heard the crash, though she didn't know at the time her husband was the driver.

LABOR MINISTER. Alfred Robens has been named Britain's new Labor minister to succeed Aneurin Bevan, who resigned. Mr. Robens, 40, has been parliamentary secretary to the minister of fuel and power.

Truman

(Continued from Page One)

penditures are estimated at 39.5 billion dollars compared to 40 billions carried in the January budget."

The $60,679,414,690 asked compares with the $47,590,608,884 which has been enacted or recommended for the current fiscal year.

Sketching broadly the planned use of the money, Mr. Truman said:

"For the Army, these funds will equip and maintain 18 divisions, plus separate combat and supporting units. The Navy, under these recommendations, will maintain an active fleet of 1,161 ships. The Marine Corps will maintain two and one-third divisions and other supporting units. The Air Force will continue to build toward 95 war wings."

Of the new funds, he said, about $34,700,000,000 will be used to buy heavy equipment, such as ships, planes, tanks, artillery, trucks, ammunition, guided missiles and electronics. A total of 14.5 billion will be used to buy planes.

The President asserted:

"The funds I am today recommending will carry forward the rapid build-up in military strength upon which our nation embarked when the aggression in Korea showed that the Soviet rulers were willing to push the world to the brink of a general war to get what they want.

"We are building our military strength in the way best calculated to meet the military threat that confronts us.

"The major element in this threat is the military strength and military production of the Soviet Union. The armed forces of the Soviet Union today far exceed any reasonable defense requirements. Its economy is harnessed to war production."

Mr. Truman said the expansion in defense spending is part of a total program "to enable us and other free nations to save the world from another and more frightful global war". He added:

"It is also a program to enable us, if general war should be thrust upon us, to halt the enemy's forces and strike back decisively at the center of the enemy's power."

A 1937 sedan driven by Mrs. Carolyn M. Wolfe, 155 Thompson Ave., hit a parked 1947 sedan owned by Peter A. Rothoar Jr. of Pittsburgh, and a fence at the home of Vinton McIntosh, 646 River Road, police said.

Mrs Wolfe told police her car dropped onto the low berm, then swerved when she attempted to pull back onto the pavement.

Two nearly new autos were damaged in a crash Sunday at 6:39 p. m. on Ravine St. at Bradshaw Ave.

A 1950 model driven by Evan G. Sharp, 53, of 336 Thompson Ave. hit a parked station wagon owned by James E. Arbuthnot of Ravine St. Mr. Sharp told police his auto was forced to the left by another car that made a left turn off Bradshaw on the wrong side of the street.

A crash on West Eighth St. Sunday at 8:55 p. m. damaged cars driven by Robert D. Jeanguenot, 19, of 1275 Harvey Ave., and Earl Vernon, 34, of 1030 Anderson Ave., Wellsville. Mr. Vernon told police he was blinded by approaching lights.

New Cumberland Girl Injured By Car

A 17-year-old New Cumberland girl was injured Saturday afternoon at 2:30 when struck by a car as she walked across Route 30, about a half mile east of the intersection of West Virginia Route 2.

Mrs. Dorsine Turley was admitted to City Hospital with chest and abdominal injuries. She was released Sunday.

The Hancock County Sheriff's Office reported she was hit by a car driven by John Wilkinson, 72, of Hookstown, when she walked directly in front of the slow-moving auto.

Columbianan Wrecks During Police Pursuit

Edward E. Curl, 25, of Columbiana R. D. 1, was captured by Lisbon police early Sunday after a wreck that climaxed an 80-mile-an-hour chase.

He will be given a hearing tonight on a charge of reckless driving. He posted $100 bond.

Police said Curl was cited at 2:50 a. m. Sunday. The chase started in Lisbon, where he was speeding, and continued onto the Guilford Road. Neither Curl nor his two passengers was injured.

Three cars were damaged slightly Sunday at 4:45 p. m. when they locked bumpers during a sudden stop on Route 30 at the Lisbon village limits.

The cars were driven by Thomas H. Jones, 1102 Dresden Ave., William L. Shields of Power Point, and George Morris of Irwin, Pa.

Chimney Check For Fire Hazard Is Good Practice

A thorough chimney inspection by an expert heating contractor should be a part of the Spring household routine. Even the most insignificant flaw should be corrected immediately.

Protracted and heavy winter firing of the furnace frequently causes mortar and bricks to crack and the cement to part from the joint where the smoke pipe enters the chimney. Twenty-four per cent of all home fires are caused by overheated or defective chimneys and heating equipment.

Not only is this condition a serious fire hazard by providing a pathway for flames and sparks to reach near-by combustible material, but it sometimes allows dangerous gases to escape into the house.

During the Spring inspection, the flue should be cleaned. An easy method is to lower a burlap sack filled with leaves and weighted with bricks down the flue.

Ordinary window screen placed over the chimney top will eliminate the danger of flying sparks and keep insects out of the house. The screen can be held in place by bricks cemented over it at each corner.

Contracts In March 24 Pct. Over Last Year

Ohio construction contracts in March were $90,429,000, or 36 per cent more than February and 24 per cent higher than the comparable figure for 1950.

Non-residential building amounting to $35,401,000 in March, or 9 per cent ahead of February.

Residential awards of $40,677,000 were 37 per cent above February, but 42 per cent less than March last year.

Take Care Of Your Home

Oil Coating On Furnace Protects It In Summer

Big expenses always seem to come at the wrong time. Sometimes the home owner gets a forewarning, such as when a new paint job is going to be required—or even a new roof. But the need for a new heating plant invariably is an awful kick in the budget.

So it's worthwhile to take care of the plant you have. Treat it like the heart of your house, and it won't get the palps or a thrombosis.

Since Summer is tougher on a heating plant than any Winter ever was, this is the season to give the old hot box the onceover with a good coat of oil to ward off rust and corrosion. A thorough cleaning is first on the program.

Assuming that your basement is average, where the air is cool and damp through the Summer, you'll play safe by taking down the smoke pipe, cleaning it and storing it in a dry place until Fall. The chemicals in the soot can have a destructive corrosive effect when they become damp. They produce a form of sulphuric acid that eats through the metal.

It's a dirty job to take the pipe down, but if you maneuver it carefully, you won't have to look like the end man in a minstrel show. Hold a newspaper over the low end and get the pipe out doors. Stand it on end on the paper, tap it gently all over to loosen excess soot, then brush it out, scraping if possible.

An oil spray—using any light oil, such as drainings from the crankcase, in an insect spray gun—will protect it from rusting. If you don't want to take this trouble, get set to replace your smoke pipe every two or three years.

A good place to store a smoke pipe, if you can't get it into your attic conveniently, is to hang it from the ceiling in the garage or basement.

Clean the baffles in a hot-water boiler for the same reason. Use a wire brush and a scraper. And remove all ashes from the firebox and ash pit. They can get soggy from condensation during the summer.

Don't forget the ash dump of your fireplace flue. This will yield wood ashes that your wife will prize highly for mysterious ministrations in the garden.

After you have the entire heating plant cleaned out, inspect the grates and the walls of the firebox for broken or cracked units. Any such defects should be remedied promptly. Order the parts and have them installed while the time is ripe. Examine the boiler for leaks. Then give all the innards a good coat of lubricating oil.

Oil or grease the edges and hinges of the boiler door and leave it open for ventilation. Unoiled boiler doors left closed for the Summer rust radically around the edges where air is drawn in and condenses.

If you're one of the lucky ultra-modern home owners with automatic equipment—an oil burner, automatic stoker, or gas-fired furnace—you can rely on the manufacturer's instructions. But take them seriously. They are compiled from actual tests and mean exactly what they say. No reputable manufacturer is going to stick his neck out by omitting a fair warning.

In many communities the fuel dealer offers service for a modest fee in connection with his contract. This is especially advantageous if you live in a development or a neighborhood where several homes have similar heating plants. The service man gets to understand them.

Finally, take a look at the chimney. See if the cement is still sound around the smoke pipe joint. Cracks in chimney masonry call for repointing. Double-check the woodwork around the chimney for safe clearance or need of fireproofing.

Does your furnace feel like an old flame?

You lavish attention on your car . . . but does your *furnace* get all the care it wants and needs? Actually, it's even *more* deserving, because it's so *necessary* to your comfort and well-being! Right now—before another day passes—let us clean and service your furnace for you—BEFORE IT'S TOO LATE!

How Do TERMITES Form New Colonies?

In the Spring and sometimes in the Fall, during the middle of a hot, moist day, the reproducers swarm. They emerge from the earth or wood, crawl on some wall until their wings are dry, fly about for a short time, then drop to the earth. There they shed their wings and pair off, each new Queen and King seeking a home on the earth, preferably next to wood. Here they mate and establish a new colony, the eggs developing rapidly into workers and soldiers.

Repairs Pay Profits Today

Shortage Increases Worth Of Any House

In today's inflated economy a house no longer depreciates in value, instead its worth increases provided it is kept in good repair

It is doubtful if there is a single home in the nation that does not require some sort of repair or refurbishing every Spring Shingles, siding and eaves troughs become losened by winter storms mortar cracks, basement walls may admit water, paint is dingy or even peeling off, and other flaws may have developed None of these is serious if given prompt attention

One of the spots most likely to need attention each Spring is the roof It should be inspected carefully from above and every foot of it gone over in search of defective shingles

Unless damage is extensive the average home-owner can make needed roof repairs himself Loose shingles should be firmly renailed Curled, broken or missing shingles should be replaced by slipping new ones beneath those in the course above and fastening each one down with at least two nails While on the roof make sure all eave troughs and downspouts are cleaned out and firmly fastened

Clapboards most often pull loose at corners but the entire exterior wall surface should be inspected Loose nails should be pulled out and the siding renailed in a new spot Be sure that all window casings and trim boards are fastened tightly and inspect sills for evidences of rotting

Scratching with a dull knife will reveal whether mortar joints are sound Where loose or crumbling mortar is discovered the joint should be thoroughly cleaned and new mortar pushed in as far as possible Ready-mixed mortar that needs only the addition of water can be obtained at any harware store

Where painting is needed, it should be delayed until after the Spring rains Paint applied to a damp surface will peel within a year

Small leaks in basement walls usually can be eliminated by painting the interior with waterproofing compound

Fill Your Oil Tank, Avoid Moisture Drip

If you have an oil burner you can make a big mistake by not keeping your oil storage tank filled during the Summer

Partial filling allows air space in which condensation can occur Although this is not likely to rust you oil-coated tank, it can add an accumulation of water to your oil and cause trouble next heating season

New Electronic Discovery For Deaf Revealed

CHICAGO, Ill. (Special) — A fabulous new Electronic Ear which miraculously conceals deafness was revealed by an eminent Chicago acoustical scientist.

In an exclusive interview with the Business Research Associates, he disclosed that "through the miracle of modern electronics it is now possible for millions of hard of hearing to recapture their loss without a button showing in either ear."

In a remarkable demonstration he showed how this tiny revolutionary electronic discovery has rendered old style hearing aids obsolete.

New hope to those who have heretofore refused to wear a hearing aid with a conspicuous ear button, or head-band, no pressure, nothing in either ear. This Electronic Ear transmits even whispers with startling clarity.

To acquaint the hard of hearing readers of this paper with new wonder discovery which hides deafness, full details will be sent to anyone who requests it. Address Beltone Research Director P. O. Box 363, Youngstown, Ohio A penny postcard will do.

Lucky The Child Who Gets THE BIG 8 IN WONDER BREAD

Let The 8 Elements in Wonder Bread Help Your Child Grow Bigger and Stronger 8 Ways!

Note How Amazing Wonder Bread Compares With Meat, Milk, and Fish 8 Ways (*as shown at right*)

Is your child developing, mentally and physically, at the rate he or she should?

A recent survey of 9,543 children disclosed the shocking fact that 4 out of 5 are not well fed according to the standards of The National Research Council.

These common foods supply *ALL* the essential food elements your child needs each day: Meat, bread, milk, eggs, fruit, yellow and green-leafed vegetables.

Let your child have the "BIG 8" in Wonder Bread.

Good for Growth and Energy

As shown in the chart, Wonder Bread is very valuable—because it helps your child grow bigger and stronger 8 ways.

Growing children need TWICE the protein per pound of body weight as grownups.

Penny for penny, Wonder Bread gives your child more body-building protein than the average of meat, milk, fish and eggs.

Growing children require energy for work and play.

Wonder Bread is a substantial energy food. More quickly converted into energy than fat. And better than fat for child growth.

Helps Build Stronger, Bigger Bodies 8 Ways

The chart shows the 8 body and brain-building properties of Wonder Bread.

Serve Wonder Bread with meat, fish, eggs, milk, fruit and both yellow and green-leafed vegetables in a balanced diet to supply ALL the food elements your child must have for healthy growth.

8 ounces of Wonder Bread for a growing child cost less than a dime a day. You can afford Wonder Bread for your child.

Doubly Fresh

Children love Wonder Bread. Plain or toasted. Because Wonder Bread is doubly fresh—fresh when you buy it; fresh when you eat it. Because slo-baked — 13% longer than many ordinary kinds for lasting freshness.

Get economical Wonder Bread fresh from your grocer today—you'll be glad you did.

COURTS WILL FIX RESPONSIBILITY

Steamer Florida's Owners Sued For $2,000,000 By White Star.

FOR REPUBLIC LOSS

Accusations Handed Back and Forth By Officers.

New York, Jan 29—Just which ship was responsible for the collision in which the White Star liner Republic and the Italian liner Florida figured and which company shall pay the damages will be decided by the court of admiralty.

Both companies filed suits yesterday That of the owners of the Republic claimed damages of $2 000 000 and recited in legal form the story of the marvelous sea disaster The blame for the collision was placed on the Florida and the claim made that the last named ship was going ahead at "an immoderate rate of speed" when the crash came

The owners of the Florida also filed a libel suit and a petition for a limitation of liability against the Florida The petitioners asked that their liability, in case the suits are decided against them, be placed at $224,000, the damage value of the Florida

Later the Florida's owners applied for and obtained an order from Judge Adams in the United States circuit court, staying all suits for damages against the steamship Florida on the ground that their petition for limitation of liability had been filed ahead of the $2 000 000 libel suit of the Oceanic Steamship Navigation Co

In their suit proper the Florida owners allege that the collision was due to the neglect of the Republic's officers.

C. B Richards & Co, agents for the Lloyd Italiano line to which the Florida belongs believe that Capt Rus[illegible] his officers and crew should come in for some of the praise that has been bestowed upon the officers of the Republic. In a statement issued last night they point out the heroism and the act of humanity displayed by Ruspini who, despite the fact that his vessel was sorely damaged, stood by the Republic for more than 24 hours, rescuing the passengers from the Republic and later transferring them to the Baltic when that ship reached the scene The claim is made that had the Baltic not arrived, Ruspini would successfully have brought his overcrowded ship into port.

Train Wrecked by a Defective Rail

Louisville, Ky Jan 29—Fifteen persons were seriously injured and a score of other passengers more or less bruised yesterday by the derailment of a portion of train No 9 on the Southern railway, bound from Evansville, Ind., to Louisville Pierce Waltz of Milltown, Ind is believed to be fatally injured. The train had just emerged from a long tunnel west of New Albany when it struck a defective rail. The smoking car was turned completely over and three other coaches were tipped over on their sides.

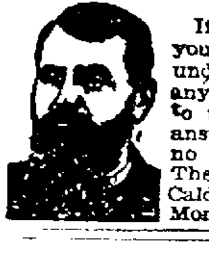
Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put Tablets and pills, salts, etc, are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take. It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or $1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va., Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal, as Mrs. J E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you Then if results are satisfactory you can buy it of your druggist.



If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully There is no charge for this service. The address is Dr W B. Caldwell 510 Caldwell bldg., Monticello, Ill.

ADMIRAL EVANS WAS GREETED AT TOLEDO

Famous Naval Hero Visits Ohio Town and Lectures on Experiences.

Toledo, Jan 29 Rear Admiral Robley D Evans was the guest of Toledo last night and thousands turned out to give the famous sea fighter a welcome Admiral Evans came to Toledo to lecture at the Valentine theatre on the trip by the Atlantic fleet from Hampton Roads to San Francisco

The lecture was under the auspices of the Toledo naval reserves Admiral and Mrs Evans arrived in Toledo from Canton, O., at 6 50 p m. They were met at the Union station by a squad of mounted policemen and escorted to the Hotel Secor, where, later, Mayor Whitlock called, as chief executive of the city, to pay his respects and extend a welcome

Physical disability compelled Admiral Evans to decline a proposed reception at the Toledo club, but at the conclusion of the lecture he received hundreds on the stage of the Valentine theatre In the hotel corridors in the streets everywhere the admiral appeared leaning heavily on his crutches he was applauded.

Hazlett Is Rearrested.

Columbus O, Jan 29—Jesse Hazlett who was arrested the day following the murder of James Wolfe a night watchman in the factory of the Capitol Lock Nut and Washer Co. here, was rearrested yesterday and the police are also looking for a 16-year-old girl who is said to be his sweetheart A man told a police officer that for five dollars he would give him a clue to the murderer and then suggested that the police find Hazlett's sweetheart and question her. Wolfe was robbed of his watch and $27 and the police say Hazlett has had considerable money lately

PROBABILITY OF WAR INCREASING

Danger of Conflict Soon Between Turkey and Bulgarians.

DISPUTING INDEMITY

Sultan Not Satisfied With the Proferred Millions.

London, Jan. 29.—The Balkan situation is again causing some anxiety at the European capitals Bulgaria's action in calling out her reserves is apparently explained by Turkey's attempts to secure a rectification of the existing frontier as a condition for reducing her monetary demands from Bulgaria. Noting the danger of trouble between Turkey and Bulgaria the powers are again resorting to negotiations to bring about joint pressure in favor of a peaceful settlement.

It is reported that Sir Edward Grey the British foreign secretary has sounded the powers on this subject and a St. Petersburg dispatch announces semi-officially that Russia has already addressed a note to all the signatories of the Berlin treaty In this circular Russia proposes to make common representations to both Sofia and Constantinople against any change being made in the frontier line which would endanger European peace, and urging both governments to refrain from a military movement.

According to a Sofia dispatch, Great Britain has advised Turkey to accept an indemnity of $20 000 000 and Bulgaria is inclined to pay this sum provided Turkey abandons her claim for rectification of the frontier Negotiations between Austria Hungary and Turkey are still dragging owing to the fact that the Turkish government has not yet succeeded in putting an end to the Austrian boycott

Lewis Is Re-elected President.

Indianapolis, Jan 29—It is announced by friends of Thomas L Lewis, president of the United Mine Workers of America, that the count of the ballots has proceeded far enough to show that he has been reelected by a majority of between 15 000 and 20 000 over his opponent, John Walker, of Illinois.

Gale Causes Havoc

Guthrie, Okla., Jan 29—Northern Oklahoma yesterday endured the most severe wind and sand storm of the last five years. Reports indicate that the full fury of the storm was centered in Alfalfa county, where the towns of Carmen and Goltry suffered considerable damage.

Murdered by Highwaymen.

St. Louis, Jan 29—Two highwaymen in a buggy last night help up three men and killed one of their victims Louis H Jobusch was the second man who was stopped and when he started to run one of the robbers shot him in the back. Jobusch died soon after

Deadlock Continues.

Springfield Ill, Jan 29—But one senatorial ballot was taken in the joint session yesterday and it was void of interesting results The two houses adjourned until Tuesday.

FINDS MILKWEED CAUSED DISEASE

Sandusky Man Contributes to Science.

Sandusky O, Jan 29—E L Moseley teacher of science in the high school here, announced to the Erie County Medical society today his discovery in milkweed the cause of milk sickness of trembles

Moseley's statement is that cattle in pasture eat the milkweed, which in process of digestion casts off a poison This poison finds its way into the milk which taken into the human system produces the illness that has for so many years baffled the medical fraternity

Moseley is preparing a report which he will submit, with demonstrations to physicians and guests some time within the next few weeks Cases of trembles will be produced with the aid of infected milk Moseley says if willing subjects can be found

MICROBES IN THE SCALP

THE LATEST EXPLANATION IS THAT MICROBES CAUSE BALDNESS.

Professor Unna of Hamburg, Germany and Dr Sabourand of Paris, France, share the honor of having discovered the hair microbe

Baldness is not caused through a few weeks work of these hair microbes but is the result of conditions brought about by their present Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later.

The microbes cut off the blood supply They feed on the fatty matter about the root of the hair, through which the blood is absorbed. Finally the fatty matter is wholly consumed, the food supply of the hair is gone and it starves and finally dies

Resorcin is one of the most effective germ destroyers, Beta Napthol is both germicidal and antiseptic; Pilocarpin, though not a dye, restores natural color to hair when loss of color was caused by disease. These curatives property mixed with alcohol as a stimulant perfect a remedy unequalled for curing scalp and hair troubles

We want everyone who has any scalp or hair trouble to try Rexall "93" Hair Tonic, which contains all these ingredients If it does not give you complete satisfaction in every particular, return the empty bottle to us and we shall return every penny you paid us for it, without question or formality

Of course you understand that when we say that Rexall "93" Hair Tonic will grow hair on bald heads, we do not refer to cases where the roots are entirely dead the pores of the scalp closed and the head has the shiny appearance of a billiard ball In cases like this there is no hope In all other cases of baldness Rexall 93" Hair Tonic will positively grow hair, or cost the user nothing Two sizes, 50c and $1 00. Guns Blast Reds As Allies Defend Seoul

Bold Stand Announced By Van Fleet

Communists Pour Toward Torn City As U.N. Forces Dig In

TOKYO, April 30 (AP)—Allied artillery laid an explosive curtain of fire before Seoul today in the path of a gathering Red army intent on seizing the old South Korean capital as a May Day prize.

United Nations forces arrayed before the war-shattered city fired 45,709 rounds of artillery Sunday.

The booming echo of massed artillery implemented the announcement of Lieutenant General James A. Van Fleet, Allied ground commander, that Seoul will be defended.

Chinese Communists poured down from the north for a mass assault. Airmen spotted 3,365 red vehicles moving along the western front. Twenty thousand Communists were reported gathered as shock troops for the assault.

Only probing attacks were reported in the early hours today.

On Sunday, General Van Fleet announced his bold decision to defend Seoul. He plans a defense north of the city, not house-to-house street fighting.

General Douglas MacArthur and Lieutenant General Matthew B. Ridgway had made no attempt to hold the city against the Chinese offensive earlier in the year. They said it was of no military importance.

But General Van Fleet said Seoul has prestige as Korea's historic capital. He described the Seoul area and the line of the Han River which flows south of the city as "vital and strategic".

U.N. forces, he said, "welcome the opportunity to destroy the Communist army north of the Han".

One of General Van Fleet's corps commanders said the final decision on whether his men hold the Han River "depends on what is thrown at us".

That comment came from Major General William M. Hoge of the Ninth Corps, who said:

"We're in good shape with what we have, but could use more troops."

The Reds have plenty of reserves, despite 70,000 casualties suffered in their 7-day-old offensive.

The Red radio at Pyongyang reported Sunday midnight Communists were only seven and a half miles from Seoul.

Heavily-censored field reports indicated they were much closer today. Censors blue-penciled all mileages.

'Not Too Black,' McFarland Declares

WASHINGTON, April 30 (AP) — Senate Democratic Leader McFarland said after a White House briefing today that the situation in Korea "didn't seem to look so black".

The Arizona Democrat told White House reporters: "The withdrawals seem to be orderly."

ON MOVE AGAIN. Carrying a load that probably would strain the back muscles of a mule, this Korean sits disconsolately beside a road north of Seoul and wonders which way to go. He is among the thousands who have been in almost constant motion, depending on the tide of battle. Battered Seoul again is being deserted by the civilian population.

Vogeler Flies Back To U.S.

Leaves Vienna After Warning Americans

VIENNA, April 30 (AP)—Robert A. Vogeler and his family left Vienna by plane today for the United States.

Mr. Vogeler, freed from a Hungarian Red prison last week, mustered his shattered strength to deliver what he called "a message" to the American people yesterday before a television camera and microphone. He broke down once, but insisted on continuing.

"I am convinced," he said, "that my incident (arrest by Hungarian Communists as a spy and saboteur) is just one of a series of planned attacks on democracy.

"The American people must be made aware of what can happen. I feel that every individual American should realize that what happened to me can happen to them if we don't all band together to destroy these enemies of individual freedom."

Mr. Vogeler disclosed that while in solitary confinement he was forbidden to whistle, hum or even talk aloud to himself.

Lightning Bolt Cuts Power To Chester Plants

1,400 Workers Idle; Thunderstorms Pelt District With Rains

Some 1,400 employees of three Chester plants were idle today because of a power failure blamed on the week-end lightning and thunderstorms. Dam 8 reported 0.54-inch of precipitation from the heavy rains.

The Taylor, Smith & Taylor Co. said about 1,000 were idle with part of the packing shed crew working; the Harker Pottery Co. had 350 idle, and Continental Kilns said 65 workers returned home when the plants were unable to start operations this morning.

The T. K. Roofing Co. said it resumed production about 8.30 with about 60 employees affected by the delay.

All the industries expected to resume full production Tuesday.

Plants in Newell had to move their clocks forward nearly two hours, instead of one, to make the change to Daylight Saving Time.

Saturday night's storm caused a power failure there that lasted about 45 minutes, according to the electric clocks. They had power this morning, however, and there was no interruption of production.

Scattered power interruptions in most parts of Hancock county occurred Saturday night between 7.30 and 11 when lightning bolts blew fuses in transformers in various areas, according to the Chester office of the Monongahela Power Co.

This morning's failure was limited to the Chester area when transformer fuses in the substation there gave out, apparently an aftermath of Saturday night's widespread electrical storm. Power went off at 5:36 a. m. and resumed about 8.35, according to E. C. Dye, Chester manager.

Mr. Dye remarked it was the worst electrical storm he ever had witnessed in respects to electrical power interference.

He said extra work crews were pressed into service Saturday night and all day Sunday, re-

Water Cut-Off Due In West End Section

Water service will be interrupted Tuesday morning for about 30 homes in the vicinity of the West End School while the Water Department makes a connection for a new line.

The department said the turn-off will be made at 8 a. m. and service will be restored in an hour and a half to two hours.

It will affect homes on Vandine Alley, Denver St., Gaston Ave., and Edwards Ave. The connection is for a new line on Aten Ave., the office said.

Truman Rips Soviet Again On War Aims

Submits 60 Billion Budget For Fight If Reds Unleash Might

WASHINGTON, April 30 (AP)—President Truman today sent Congress a $60,679,414,690 defense budget and said Russia's rulers have pushed the world "to the brink of a general war".

The huge requested appropriation is for the United States' own military costs and to help arm its allies.

The message broke down in more detail the military estimates included in Mr. Truman's general budget, sent to Congress in January, for the fiscal year beginning July 1.

In a letter to House Speaker Rayburn, accompanying today's estimates, Mr. Truman said:

"If the Soviet Union chooses to unleash a general war, the free world must be in a position to stop the attack and strike back decisively and at once at the seats of Soviet power.

"We believe that the best path to peace is through building combined defenses for the free world sufficiently powerful to insure disaster for the aggressors if they launch a new world war."

The over-all figure was broken down into these sub-totals:

▶$1,424,839,700 to pay for various projects Congress already has authorized.

▶$56,179,414,690 of "new obligational authority"—meaning for direct expenditures and for letting of contracts for future payment.

▶$4,500,000,000 to cover needs "for a large military public works program to be recommended soon for authorization".

Mr. Truman noted that the amount of actual spending proposed for the next 13 months was not changed much from his January estimates. Actual spending from the treasury may lag far behind appropriations because it takes several years to fill some military contracts.

Mr. Truman said:

"The revised estimate of expenditure for 1951 (the fiscal year ending next June 30) is 19.4 billion dollars, compared to 20 billions carried in the January budget. For fiscal year 1952, ex-

Acheson Claims Successes For Stand

WASHINGTON, April 30 (AP)—Secretary of State Dean Acheson today claimed successes for the stand this country has taken in Korea and said the best chance of real victory lies in firmly holding to that line.

He explained to the United States Chamber of Commerce that it may be possible there to convince the enemy that "his aggression cannot pay".

Wife Suffers Burns In Fire

Small House Razed, Contents Destroyed

A Shadyside Ave. woman was burned about the face, arms, hands, and neck Saturday afternoon when a fire of undetermined origin destroyed her one-room frame home.

Mrs. Irene Flowers, wife of Everett Flowers, was treated at City Hospital about 5 p. m. According to the hospital, Mrs. Flowers had made several trips into the burning house.

Firemen said the entire house was aflame when they received the alarm at 4:22 p. m.

The blaze started in the attic, but the cause is unknown.

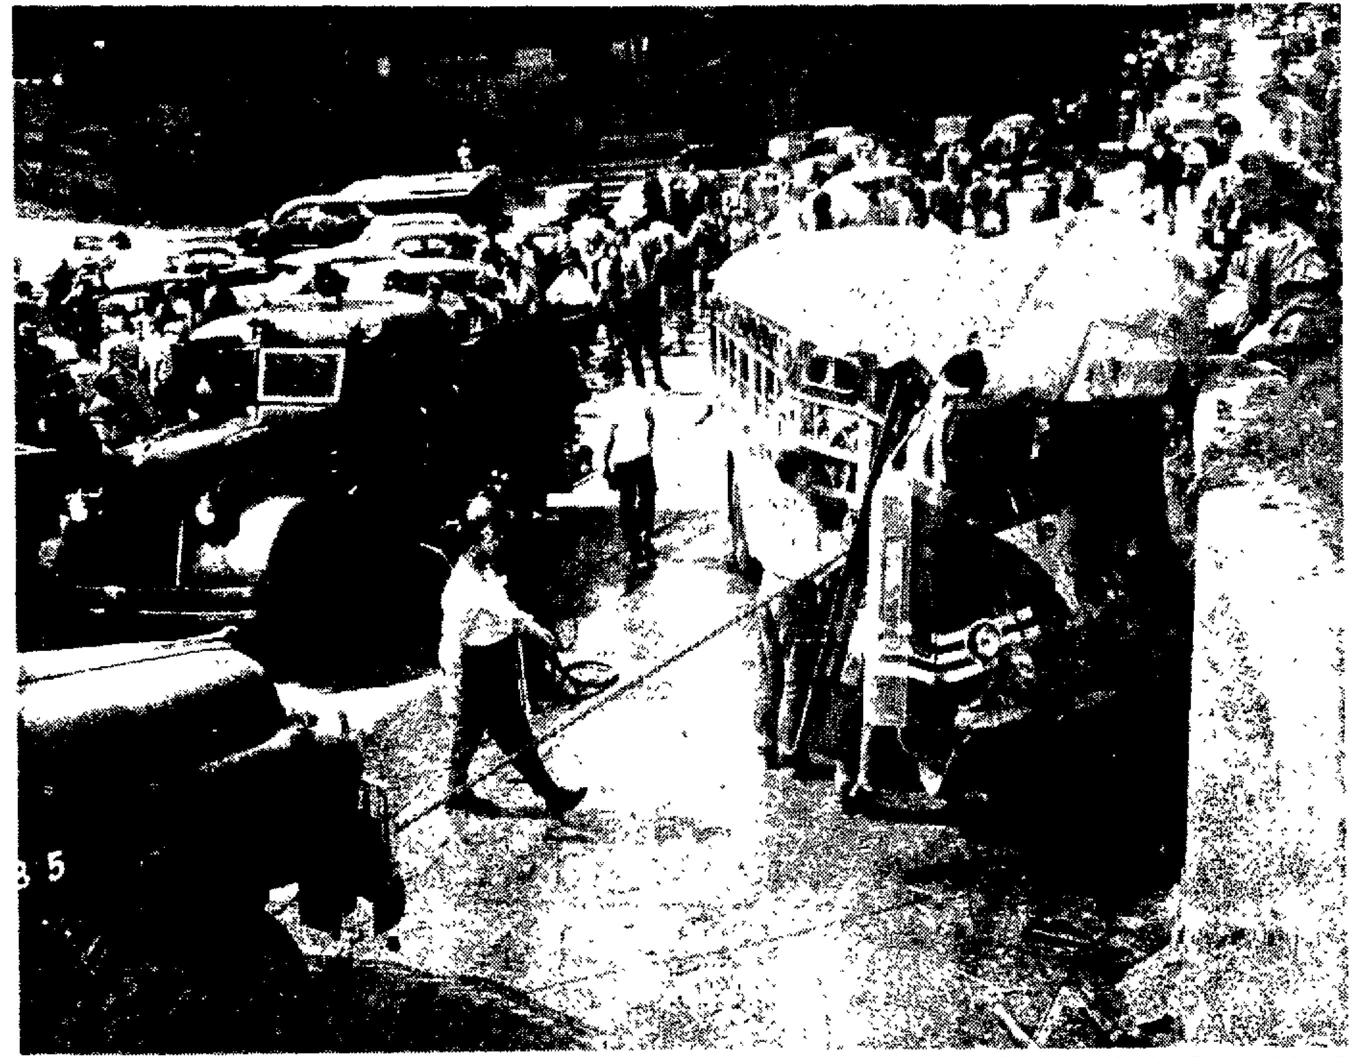
Six firemen spent more than two hours fighting the fire with two streams of water. Booster tanks on trucks from Central Station had to be refilled before it was under control.

Contents of the house also were destroyed, the department reported. The building is owned by Aaron Moore.

The department treated 3-year-old Nancy Hamilton after her toes were scalded Sunday at 10.17 a. m. at the home of her parents, Mr. and Mrs. Robert Hamilton, 731 Green Lane.

Firemen were called to West Fifth and Jackson Sts. Saturday at 3:50 p. m. to flush gasoline leaking from a parked car.

DEATH TOLL HITS 10 IN WEIR BUS WRECK



DEATH BUS. The battered front of this bus stands as mute evidence of Sunday's crash which has left 10 dead and many injured at Weirton. Efforts were being made here to dislodge the bus from the concrete wall which brought its wild dash to a tragic end.

46 Injured In Wild Dash Down Hill

Church-goers Are Victims As Vehicle Hits Concrete Wall

WEIRTON, April 30 (AP)—A runaway bus raced down a mile-long hill on Pennsylvania Ave. yesterday and crashed into a concrete wall, taking the lives of 10 persons.

Just before the horrifying smashup, the driver, George Kraina, 35, cried to his church-bound passengers:

"Hang on everybody! We're going to crash!"

Those were his last words. He was dead when pulled from the twisted wreckage.

Some of the nine passengers were killed outright. Others died a short time afterward. Of the 65 persons aboard, 46 were injured. At least three, including a child, were reported critical.

Police said there were no eyewitnesses and no indication of how fast the bus was running, but one of the uninjured passengers, 14-year-old George Stunda said:

"We must have been going 60 before we hit that wall."

Patrolman Joe Rodak, who with Patrolman Frank Ticich, was the first to reach the scene in the quiet residential neighborhood, said:

"It was like a gruesome jigsaw puzzle. Most of the children and adults were piled up in front of the bus. Bodies were all tangled together in distorted positions. Others were pinned in the wreckage. There was blood on everybody."

Most of the passengers were en route from their homes in suburban Weirton Heights to downtown Weirton, where they were to attend mass at St. Paul's Catholic Church.

A priest was among the first at the scene. He went among the passengers to administer the last rites.

"The old people were wonderful," said Patrolman Rodak. "They insisted we take out the youngsters first."

In addition to the driver, the

3 Die In Tank Hit By Train

7 Others Injured At Barberton Crossing

BARBERTON, O., April 30 (AP)—An Ohio National Guard tank lumbered into the path of a speeding Erie passenger train here yesterday and three of the tank's five-man crew were killed. One was injured. Six persons on the train were hurt, none seriously.

Earl Lybarger, who lives near the crossing in this Akron suburb, said two men leaped from the 33-ton Sherman tank before the six-car train struck.

The dead are Ronald Peterman, 19, of Barberton, William Livingston, 22, of Doylestown, and Dale Cox, 27, of Akron. All were members of the O.N.G.'s 137th Medium Tank Battalion, 37th Infantry Division, which had been on maneuvers at near-by Portage Lakes.

One of the two guardsmen who jumped from the tank, Carl Nichols, 29, of Akron, was reported in fair condition today at Citizen's Hospital here. The other, Don Jamieson, 24, of Rittman, O., was unhurt.

Parts of the tank were strewn 1,000 feet along the tracks: The train bounced off the track and tilted at a precarious angle.

The engineer of the train, J. F. Mason, 61, of Marion, O., said: "I was coming around the curve (800 feet from the crossing) and saw the tank pulling onto the tracks. But it was too late."

Pedestrian Hit In One Of 4 City Mishaps

Elderly Man Receives Lacerations When He Steps Into Car's Path

An elderly pedestrian struck by an auto Saturday night was the only casualty in four East Liverpool week-end traffic mishaps, police said.

John Najem, 73, of 317 West Sixth St. was admitted to City Hospital for treatment of lacerations on the left side of the body and the top of the head and abrasions of the forehead and right knee. He was released Sunday.

Police said he was hit about 7:55 p. m. on Jefferson St. at West Sixth St. by a 1949 model car driven by Edward W. Clendenning, 1030 Main St., Wellsville.

Mr. Clendenning told police the pedestrian stepped in front of the car and he was unable to stop.

A parked car and a fence were sideswiped in a River Road mishap at 9:49 p. m. Sunday, police said.

Nabbed In McKees Rocks

Baden Man Identified As Bandit In City Holdup

A Baden (Pa.) man nabbed Saturday after the stickup of a Pittsburgh district loan office has been identified as the robber who obtained $320 from the Household Finance Corp. office on the Diamond April 2.

Clarence Trowbridge, 30, who used a toy gun hidden by a handkerchief to rob the M. F. Snyder Loan Co. of McKees Rocks of $220, has been identified from photos by three women employees of the East Liverpool firm, police said.

Police regard as "clinchers" the fact that the bandit here used the hand-under-handkerchief approach and gave his name as Trowbridge on a fake application he filed to get into the manager's office.

McKees Rocks authorities said Trowbridge escaped from the office with a big handful of $5, $10 and $20 bills, but was nabbed after a three-mile chase through the nearby Pittsburgh & Lake Erie Railroad yards.

Pursued by employees of the loan company and police, Trowbridge was found hiding under a bridge. He surrendered without a struggle. Officers said a discarded toy gun was found on the railroad tracks and Trowbridge admitted using it in the stickup.

A similar holdup was staged at the Time Loan Co. in Steubenville the day after the East Liverpool robbery. The Steubenville bandit's description and method of operation fitted the East Liverpool robber.

Police have four witnesses to the local robbery. They are Miss Ann Rolley of East Fourth St., Mrs. Pearl Payne of Beechwood, Mrs. Wilma Baumgarner of Wellsville, employees, and G. F. Bright of Oakwood Ave., the manager.

The three women already have identified a photo of Trowbridge as the bandit. Police said they will check later with Mr. Bright, who is out of town, and a taxi driver who took the local bandit suspect to Steubenville shortly after the holdup.

Steubenville authorities also are checking Trowbridge, held at the Allegheny County Jail in Pittsburgh. Authorities said Trowbridge was paroled Dec. 30 from a 5-to-10 year sentence given him in January, 1944, for the beating and robbing of a Baden grocer. Another 5-to-10 years was tacked on in 1946 when he escaped jail, but was recaptured quickly.

Trowbridge's brother, Robert, 25, also of Baden, was nabbed in a similar robbery a week ago.

Hopes To Get Three Million

Reese Will Sell Pottery; Workers To Share Cash

SCIO, O., April 30 (AP)—Pottery manufacturer L. P. (Lew) Reese, who has shared profits with his employees since 1932, is going to sell his plant. That, he explains, is so he can divvy up the money with the workers before he dies and inheritance tax eats it up. The pottery has more than 800 employees and nearly every adult in this little Harrison county village of 1,200 works there.

Mr. Reese said he hopes to sell the plant to a Chicago buyer in Pittsburgh Tuesday for about three million dollars. After that he plans to work out a plan for dividing the money.

If he should own the plant when he dies, Mr. Reese said, "the inheritance tax would be about 70 per cent. By selling, I'll only have to pay a 25 per cent capital gains tax".

Mr. Reese said he will require the plant's buyer to continue his labor relations program of sharing earnings with the employees. He also specifies that he be given a 10-year contract as general manager.

His pottery workers have received more than one million dollars since Mr. Reese took over the plant in 1943. That policy paid off in 1947 when the two-million-dollar works was destroyed by fire. The employees helped provide the money and labor to rebuild it.

Now 58, Mr. Reese said he never felt better in his life, "but you never can tell".

Hoover Cites 'Corruption' In War On R.F.C.

Tells Senate Group Why Loan Agency Should Be Liquidated

WASHINGTON, April 30 (AP) — Former president Herbert Hoover said today the Reconstruction Finance Corp. should be liquidated, largely because its original purpose has become "submerged in support of risky business".

He said "favoritism and corruption" have been demonstrated in its operation.

Mr. Hoover, who recently urged that the R.F.C. be abolished, was to appear before the Senate banking committee to tell the reasons behind his view.

In a statement prepared for the committee, he said:

"I believe that the R.F.C. should be liquidated.

"I believe some facilities for loans in the small business field should be continued under other organizations."

Small business loans, the former president said, should be taken over by the Federal Reserve banks.

Mr. Hoover is one of a number of witnesses called by the committee, which is trying to decide what to do about the R.F.C.

The R.F.C. was created by Congress Jan. 22, 1932, during Mr. Hoover's administration, "to provide emergency financing facilities for financial institutions, to aid in financing agriculture, commerce and industry".

Requirements governing the R.F.C.'s operations have been relaxed since that time, the former president's statement pointed out.

Mr. Hoover submitted a list of loans the R.F.C. has made to hotels, distillers, brewers, theaters and bowling alleys.

"Another list could be made of loans to beauty parlors, pool rooms and a snake farm," he added.

"What public interest there can be in operations of these types of business at the taxpayers' risk is difficult to see," the statement said.

MacArthurs Visit Her Tennessee Home

NEW YORK, April 30 (AP)—General and Mrs. Douglas MacArthur left Idewild Airport at 9.51 a. m. today for a flying visit to Murfreesboro, Tenn., Mrs. MacArthur's home town.

"This is the 14th anniversary of my wedding," the general said just before he and his wife and his son, Arthur, 13, boarded the big Constellation plane, the Bataan. "It's just like starting a new honeymoon."

ROSS COUNTY TIRED OF PLAYING "OASIS"

May Take Up Couny Option As Remedy Against Influx of Hard Drinkers.

Columbus, Jan. 29—Ross county, the one oasis in the Sahara of Southern Ohio, is in danger of losing its distinction. The temperance forces there are preparing to call an election under the Rose county local option law.

Regarded as one of the wettest counties in the state under ordinary conditions, Ross county is suffering from too much of the same thing. It is in the center of a large block of dry counties, and, according to reports received at the recent state convention of the Anti-Saloon League, Chillicothe, the county seat, is overrun by thirsty excursionists from all over that part of the state This condition has been so aggravaetd of late that dry sentiment is said to be rapidly increasing.

The wets themselves fear the result of the frequent incursions of large numbers of drinkers. The railroads have difficulty in restraining intoxicated passengers on outgoing trains

Other large counties in which votes soon are to be taken under the Rose law are Clark, of which Springfield is the county seat, and Mahoning, which embraces Youngstown.

Radio In Review

By JOHN CROSBY

The True And The False

I DON'T KNOW what Ethel Waters is trying to prove exactly except that she is a very talented and versatile girl and by this time everyone must know that She has been a night club singer a star of one of the greatest Broadway revues As Thousands Cheer a highly-regarded screen and stage actress—she just concluded a long run in Member of the Wedding

Currently she is the author of a best-selling autobiography His Eye Is On The Sparrow, and she's also I'm afraid a television comic the least satisfactory of her enterprises

Miss Waters autobiography is a brutally self-revelatory book in which she confesses candidly to a girlhood in Philadelphia's red light district the ability to swear like 14 dockhands and an occasional theft when she was hungry

There was a great deal of pitiless detail about the world of the Negro slums—the vice the dope the disease and the crushing poverty Not a pretty story at all but a great story because Miss Waters surmounted all that and also hurdled a race barrier of which she's bitterly conscious

I bring all that up because Beulah Miss Waters TV show in which she plays the title role presents the opposite side of the picture—the candy-coated stereotype of Negro life under the beneficient protection of the white man

Beulah (or Miss Waters) is a maid in the Henderson household the best cook in town the mother protector of the Henderson household and the perennial fiancee of a no good boy friend named Bill

— —

BILL IS a composite of all the Bills that have been celebrated as good for nothings since the song of that name He talks big is everlastingly jobless tries to fix things and generally messes everything up beautifully

At various times he has attempted to operate a matrimonial agency employment agency contests of all sorts and anything else that promises a quick buck Invariably Miss Waters has to rescue him from these unfortunate ventures

'We artists of the culinary art must aid each other in our culinary profession ' is a fair sample of his dialogue That is it is orotund redundant and polysyllable—as custom decrees in these matters Not only is the language laid out by tradition but the manner of uttering it is fixed and circumscribed I do declare Beulah You do seem to be in a pred-ic-a-ment —like a child just encountering his first big word

Besides Beulah and Bill there's another character Oriole played by Butterfly McQueen a feather-brained idiot who has trouble landing a man Others drift in from time to time — named Petunia Magnolia or Jasmine—in such profusion that you may get the idea you're at a flower show

— —

OF COURSE this way of depicting Negroes is an old standby in radio where somehow it seems much less noticeable Amos 'n Andy is graced by wit and charm and contains one of the great ruffians of our literature, de Kingfish

Beulah which is a pretty fair five-times-a-week radio show, is not blessed (on television) by anything resembling wit Its plots are tortuous and interminable and its acting rudimentary

I don't know whether we will forgive this sort of stereotyping on television nearly as readily as we did on radio Certainly not in the case of Beulah which has no real reason for existing

Pretty soon though Amos 'n' Andy will be transformed into a television show with a brand new cast of characters which does not include the original Amos 'n Andy Correll and Gosden though Correll and Gosden are still very much in charge of the show It will be interesting to see how well they manage it They have quite a problem on their hands

Western Union Local Office Helps Observe Birthday

The local Western Union office along with the company's other outlets all over the country, observed April as the beginning of the organization's second century of progress'

The company started its national career on April 1 1851

Four years before that the telegraph line was strung through Wellsville on the route which eventually linked Pittsburgh and Cleveland At Wellsville, the line swung north from the river, headed for Cleveland

Birth of the Western Union system brought the consolidation of many small companies including the local one into the nationwide organization The name of the local company was the 'Atlantic and Ohio Telegraph' before it was absorbed into the national line

In the intervening 100 years communications has taken giant strides As recently as 1934 a telegraph bearing 41 000 signatures sent to President Roosevelt on his birthday was 1 148 feet long weighed 8 pounds, and required 19 hours to send Today the same message could be transmitted in half an hour on modern equipment

Weather Hits Two Extremes

Some Places Roast, Others Have Snow

By The Associated Press

The weather hit two extremes Sunday pouring unseasonable warmth into a large section of the nation and perversely dousing other sections with snow, rain and hail

Southern California rocked under a four-pronged assault of whipping winds laden with snow, rain and hail Six deaths were linked to the storm

In the midwest howling winds —clocked up to 85 miles-an-hour —ripped the Ft Wayne (Ind) area and were blamed for the aircraft crash which took 11 lives Saturday evening

The warmth—with temperatures hovering up to the mid-80 s—spread over the eastern two-thirds of the nation Sunday Many sections were doused by heavy rains

Thunderstorms from Iowa eastward to Pennsylvania threatened higher water along the flooding Mississippi A flash flood following a heavy rain near Waverly Iowa engulfed an automobile, drowning two persons

In the Muscatine Iowa area, the churning Mississippi washed gaps in a levee flooding 4 600 acres of farmland and putting 26 miles of Illinois Highway 92 under water

It was cool in the Rocky Mountain area Snow was general over Idaho and Utah

HEADS TOLEDO U. Asa S Knowles former vice-president in charge of the development of Cornell University at Ithaca, N Y is slated to become the ninth president of the University of Toledo He will be inaugurated May 9

MORE POWER wherever we serve

The map you are looking at shows the interconnected lines of this company and its affiliates of the American Gas and Electric System These lines serve more than 1,100,000 customers in 2100 communities in seven states.

Few areas, industrially speaking, are more vital to America's economy, more important to America's defense. Here the demand for electric power is great and growing . . . growing at unprecedented pace.

And the *supply* of electric power? What kind of job is being done on the American Gas and Electric System?

Already there is twice as much power on the System as there was at the time of Pearl Harbor

New plants and additions now under construction (shown on table below) will add another 1,400,000 kilowatts by the end of 1953. Then, with a total of 3,734,000 kilowatts, the System will just about have tripled its capacity since the start of World War II.

All this has been brought about — significantly — by the initiative of business-managed, tax-paying companies, and the savings of thousands of people in all walks of life. And when still more power is needed in this vital area, the same private enterprise will see that it is there.

Scribe Gives Lowdown On OSU Grid Picture

(Editor's note: This is the first of five stories on the involved and emotional football problem at Ohio State, one of the nation's greatest gridiron powers the coaching job at which has always been a storm center.)

By HUGH FULLERTON JR.

COLUMBUS, O., April 30 (AP)—When Ohio State University was in the throes of hiring a new football coach last winter, it wasn't unusual to hear coaches say: "I don't know why anybody would take that job."

That remark was made time and again during the 1950 convention of the American College Football Coaches Association at Dallas, where all the leading figures of the profession gathered. It's truth was indicated as a number of "name" prospects looked, listened and turned away from Columbus.

For many years Columbus has been known as a hotbed of football, a city where the most excitable, most voluble and best-informed fans exist by the thousands. And Ohio State has been known as a "graveyard" of coaches.

The first charge is accepted by university athletic authorities and by the "downtown coaches" who are rather proud of their position and influence. The second is hotly denied by all hands.

Mayor James A. Rhodes, an ardent football fan himself, argues:

"Columbus isn't a graveyard for coaches. It is the greatest opportunity in the world for a coach."

In an effort to verify the truth of these charges and to learn the true story of Ohio State Football, the writer spent several days in Columbus talking to anyone who could offer information or opinions, and consulted various others who had intimate knowledge of the situation.

He talked to coaches and heads of the athletic department at the university, to newspapermen, to taxi drivers, to typical "downtown quarterbacks", to members of the controversial "front liners" organization, to the mayor and to the man who sells papers at the corner of Broad and High Sts.

The conclusion drawn from this is inescapable: That Columbus deserves its reputation. The full story behind it may not be told for many years. The "why" is partly obscured now by the partisanship shown during last winter's wrangling over the hiring of a new coach and by the bitter animosities that were aroused. It is obscured, too, by the defensive attitude of some leaders, who apparently feel that the football madness should be minimized or justified, and by the reluctance of many to talk at all.

The story is one which involves the university's sudden rise to football prominence and a determined effort to stay on top. It is a story of one star who caught the fancy of hundreds of thousands of people. It is a story of a big-time sport in a minor league city. It is a story involving an accident of geographical location and a state which also is a state of mind. It is a story of intra-mural politics and external pressure; a story of eternal sophomores who grew older but never grew up.

It is a story of poor public relations and intense rivalry among the city's newspapers. It is a story of the huge sums of money required to support a modern university program and of the public which pays. It is a story of the breakdown of what the National Collegiate Athletic Association called "the principle of institutional control" in its ill-fated sanity code.

It is a story which might be told, in part, in any one of a hundred college towns. In Columbus every factor is present and every one is intensified.

Reds Hurler 'Asks' Mates For Few Runs

PHILADELPHIA, April 30 (AP)—If Willie Ramsdell were a letter-writing guy, this is the sort of note he might be tempted to send to his Cincinnati teammates:

Wanted—a couple of runs. In return, will offer the best available in knuckle-ball pitching. (signed) Willie.

The Reds have promised Ramsdell at least one marker when he goes against the Philadelphia Phillies here tomorrow. But if the (Kiowa,) Kansan insists on being shown, it's not to hard to understand. The Rhinelanders have given him a total of 35 scoreless innings over a two-year span.

The former Brooklyn Dodger hand has a 0-2 record to date. In his initial start, the Chicago Cubs blanked Cincinnati, 3-0. In his second try the Redlegs managed to get Ramsdell one run, but that wasn't enough to counterbalance the three tallies rung up by St. Louis.

Howie Fox, who is shaping up awfully good for the Reds so far this year, could have used some scoring himself in the second game of yesterday's double-header with the Pittsburgh Pirates. He had muffled the Buccos' bats for eight full innings while hoarding a one-run edge, but pinch-hitter Wally Westlake's ninth inning homer tied the score and the game ended in a tie. A Sunday curfew law halted the game after a scoreless 10th inning.

The opening game went 13 torrid innings, with Pittsburgh emerging on the sunny side of a 9-8 count. A three-game Redleg streak went by the board with the loss.

The Reds got off to a fast start and had a 5-0 bulge in the third. The Corsairs roared back in the fourth for four runs on five hits and swept into the lead in the fifth on successive homers by Dino Restelli and George Strickland. The Reds made it 6-all in the sixth on three singles and recaptured the lead the next inning on Grady Hatton's single, Joe Adcock's triple and Ted Kluszewski's double.

Pittsburgh got one of the runs back in their half and the fearsome Ralph Kiner sent the game into overtime with a tremenduus homer over the leftfield fence with two out in the ninth.

Successive doubles by Pete Castiglione and George Metkovich spoiled reliefer Frank Smith's efforts in the 13th.

Indians Get Pitcher Lou Brissie From A's

CLEVELAND, April 30 (AP)—The Cleveland Indians got pitcher Lou Brissie today from the Philadelphia Athletics in a three-way trade involving the Chicago White Sox.

The trading sent catcher Ray Murray, pitcher Sam Zoldak and outfielder Dave Philley and Gus Zernial to the A's. The Chisox got infielder Orestes Minoso and outfielder Paul Lehner.

Ty Cobb won 12 American League batting championships. Nine of them were in succession.

Cleveland Bowlers Take Ohio Title

ASHTABULA, O., April 30 (AP)—Linsz Recreation of Cleveland is the team titlist in the 1951 Ohio state men's bowling championships, and they won in the final minutes of the two-month-long tournament.

The Linsz bowlers posted a 3,011 score rolling on the last four-team shift late yesterday. That was tops in actual spin among 302 teams which bowled during eight week-ends since March 3.

Joe Kissoff, Linsz lead-off man, had the best score for his team, a 690, and that helped him win the all-events championship with a 1,924.

The singles crown went to Ronald Jones of the Akron Fertile Jewlers with a 691, and Howard Nieberding and William Saccone of Cleveland's Nickel Plate Grill took the doubles with 1,303.

Cash prizes of $300 for team, $200 for doubles and $100 for singles and all-events were awarded on a handicap basis, although all the championships were earned on actual pins.

The top five finishers in the handicapped competition for cash were:

Team — Mitchell's E-Z Hook, Akron, 3,109; Fez's Youngstown, 3,092; Brown's Bow Socket, Ashtabula, 3,078, Clampitt's Restaurant, Ashtabula, 3,074; Rike Kumler Co., Dayton, 3,070.

Singles — Anthony Vitagliano, Cincinnati, 737; Ray Kingel, Hamilton, 713; Bill Tablack, Youngstown, 707; Ronald Jones, Akron, 706; H. Hilert, Cincinnati, 704.

Doubles—Al Idock and Ralph Swallow, Akron, 1,320; Howard Hieberding and William Saccone, Cleveland tied Frank Cook and Hugh Yarian, Warren, with 1,316; Robert Rice and Howard Mays, Dayton, tied F. Busher and J. Myers, Springfield, with 1,315.

All-events — Howard Nieberding, Cleveland, 1922; Paul Kulbaga, Cleveland, 1,898; Herman Stupica, Cleveland, 8,894; Jack Frisbie, Cincinnati, 1,858; Donald Jones, Akron, 1,850.

Betty Jameson Blasts Par, Leads In Women's Open

FRESNO, Calif., April 30 (AP)—Comely Betty Jameson, golfing pride of Texas on the feminine side, led her closest rival by three strokes as the field teed off today in the second round of the 54-hole Women's $3,000 Open championship tournament.

The San Antonio miss, former national amateur and open title holder now playing in the professional ranks, turned in a great men's par 72 yesterday to head the field in the initial round.

Miss Jameson carded 36-36-72, par figures for both nines of the 6,525 yard Sunnyside course. It clipped four strokes off women's par and five off the course record for women. The old record was 77, held jointly by Edean Anderson of Helena, Mont., and Alice Bauer of Midland, Tex. Miss Anderson tied for low amateur score at 79 yesterday with national champion Beverly Hanson, Indio, Calif.

Trailing Miss Jameson today by three shots was Shirley Spork, young pro from Bowling Green, O., who had a first round count of 37-38—75. As an amateur from Detroit, Miss Spork once held the national intercollegiate as well as Michigan state titles.

Tournament favorite Mrs. Babe Didrickson Zaharias of Prairieview, Ill., started the second round in a three way deadlock with Marilyn Smith of Wichita, Kas., and Louise Suggs of Carrollton, Ga., at 77.

Humbled By Brownies, Tribe Awaits Red Sox

CLEVELAND, April 30 (AP)—Humbled by a double loss to the St. Louis Browns, the Cleveland Indians had today off to get ready for an invasion by the league's four eastern clubs.

The 6-3, 13-11, defeats in St. Louis yesterday dropped the Tribe into a tie with the Washington Nationals for the league lead.

It also made it possible for the Boston Red Sox to pass the Indians if Boston can sweep the two-game series opening here tomorrow night.

The biggest crowd so far this season will be on hand to welcome back Lou Boudreau, who is playing shortstop for the Red Sox after 12 years in a Cleveland uniform. Boudreau broke into the majors with the Tribe, became manager in 1942, and lifted them to a world championship in 1948.

Bob Feller, who lost four to Boston last season and won none, will hurl for the Tribe against the Red Sox southpaw, Mel Parnell.

The Indians outhit the Browns in both games yesterday, but were unable to hold early leads. They left 12 men stranded on base in the first game, to the Browns' three and had 13 marooned in the nightcap to St. Louis' 10.

Three runs in the eighth inning, two on a homer by Ken Wood enabled the Browns to beat Early Wynn who went all the way in the opener. Ned Garver, scoring his second triumph of the season over the Tribe, gave nine hits to Wynn's six, but those six included a two-run homer by Sherman Lollar as well as the one by Wood. Lollar's came in the fourth and put St. Louis in front, 3-2.

Orestes Minoso, playing first base for the injured Luke Easter, poled a double for the Tribe in a fifth inning rally that knotted the score at 3-3. Two singles, a sacrifice and long fly scored the tie-breaking run in the eighth before Wood's homer.

Mike Garcia was knocked from the mound by the Browns in the fourth inning of the second game. Garcia and Steve Gromek, who relieved him, were shelled for seven runs that frame—four of them unearned because of the Indians made three errors in that inning The Tribe's total of misplays for the game was six.

Al Rosen and Larry Doby homered for Cleveland—Doby to tie the score at 3-3 in the third and Rosen in the ninth to score two batters who had walked.

Jim Delsing got a round-tripper off Garcia in the first inning with Johnny Berardino on base. Berardino had singled home Bob Young, who walked and stole second, so the Browns got off to a 3-0 lead.

Doubles by Dale Mitchell and Minoso, a triple by Rosen, and a grounder by Doby brought in three Cleveland runs in the fourth and put the Tribe ahead, 6-3. The rally drove starter Al Widmar, onetime Cleveland sandlotter, from the hill, and Duane Pillette replaced him.

In the big St. Louis fourth, which sent the Browns ahead, 10-6, Ray Boone fumbled twice and Doby let a single by Berardino go through him to the fence and bring home four runs.

Gromek was charged with the loss, although George Zuvering, Gerald Fahr and Bob Chakales, a trio of Tribe rookie hurlers, divided up the pitching in the last four innings and permitted three more Brownie runs.

Ex-Potter, Titan Cager Posts Good Coaching Record

Don Bennett, a former East Liverpool High and Westminster College cage star, is compiling an enviable record in the coaching field.

Head of the indoor sport at Sharon (Pa.) Junior High School, his teams have won 54 games and lost only nine in his three seasons there, and in the process won two sectional championships.

His 1948-49 quintet won 18 and lost 3, in 1949-50 it posted a 21-3 record and last season a 15-3 mark. The 1949-50 and 1950-51 quintets walked off with titles.

"Shot", as he was known in scholastic and collegiate circles, played with the Akron Goodyears following his graduation from Westminster and later coached the Avalon (Pa.) High passers before locating at Sharon.

The only imported horse to win the Kentucky Derby held annually at Churchill Downs was Omar Khayyam in 1917.

Thompson Low With 83

"Tink" Thompson toured the Country Club course with an 83 Saturday morning to lead the East Liverpool High golfers to an 11-5 victory over Canton Timken in their first match of the season.

His card, low for the match, showed 42-41. Billy Irwin shot a 93 to win four points along with Thompson as Danny Davis also carded a 93 for the 18 holes to pick up three points. Gene Staib, the fourth member of the team, shot 101.

Pat Esway gave Timken four of its five points when he carded a 91, low for the visitors. Bill Hofacke's 99 gave Timken the other point. John Rotunno, paired against Thompson, shot a 92, while Jim Martinez went around in 110.

The Potters' next competition will be in the Eastern Ohio Scholastic Athletic Conference matches Saturday.

Fox Terrier Wins 7th Best-In-Show Award

CLEVELAND, April 30 (AP)—A fox terrier won his seventh best-in-show award last night in the 33rd annual Western Reserve Kennel Club show here.

Ch. Foxbank Entertainer was picked for the spot from among 873 dogs by Judge Marvin F. Rosenbaum of New York. The terrier is owned by Mrs. Harold M. Florsheim of Highland Park, Ill., and was handled by George Ward.

Among other contenders in the best-of-show finals were a smooth Dachshund Derbach Schatze, owned by Jerry Rigden of Maumee; and a Standard Poodle, Ch. Hillandale C'Estvrais, Dr. Donald Davidson, Bath.

Team's In Midst Of 3rd Worst Losing Streak

By JOE REICHLER, Associated Press Sports Writer

It no longer is a question of where the Giants will finish. Flabbergasted fans now are asking—will they finish?

Thunderstruck by the club's 11th consecutive defeat—yes, the Giants lost again yesterday—New York fandom is wondering what Leo Durocher is going to do next.

Just picture the Giants' plight today. The situation is almost unbelievable. This is the ballyhooed Giants, the club a majority of experts picked on opening day to win the flag. Now, two weeks later, Durocher's "my kind of club" is wallowing deep in the basement in danger of dropping out of sight completely.

The end is not yet in sight. Already in the midst of the third worst losing streak in the club's history, the dispirited Giants must face the relentless Dodgers in Brooklyn again tonight.

The Brooks have won all five clashes between these arch interborough rivals. Two more losses would equal the Giants' longest losing streak. They dropped 13 straight in 1902 and 1944.

It was not until the sixth inning yesterday that the Dodgers broke up a 2-2 deadlock with a three-run uprising to pave the way for their 6-3 victory.

Larry Jansen, who started so well with that opening day shutout win, was the loser. A bad case of "homeritis" proved his downfall. The first of Duke Snider's two homers put the Dodgers in front, 1-0, in the fourth. After the Giants had gone ahead, 2-1, on a homer by Bobby Thomson, the Brooks drew even in the fifth and went ahead in the next round when Gil Hodges blasted his round tripper with Jackie Robinson aboard.

Snider's second solo blast came in the seventh off Dave Koslo. Erskine, although routed in the seventh, was credited with his first victory.

The victory put the Brooks into a three-way tie for first place with Boston and St. Louis. The Braves divided a double-header with Philadelphia. They won the opener, 1-0, although held to two hits by Jocko Thompson. The Phils overcame a six-run first inning by Boston to win the second game, 10-9.

Harry Brecheen held the Cubs to six hits in Chicago to win his second game as the Cardinals pounded out a 6-3 triumph. Enos Slaughter drove in three St. Louis runs with a double and two singles.

Pittsburgh climaxed an uphill battle, beating Cincinnati, 9-8, in the opener of a double-header that went 13 innings. The second game ended in a 1-1 10-inning tie called because of the Pennsylvania curfew law. Doubles by Pete Castiglione and George Metkovich won the opener in the 13th after Ralph Kiner's homer had tied the score at 9-9 in the ninth.

The lowly St. Louis Browns stunned the Cleveland Indians by sweeping both ends of their double-header in St. Louis, 6-3 and 13-11, to drop the Tribe into a first place tie with Washington.

The Senators backed into their share of the lead, accepting a 4-0 licking by the Yankees in New York. Cleveland and Washington each has won seven and lost three. The third place Yankees have won eight and lost four.

Ed Lopat pitched the shutout, his second in a row, and his third victory without a defeat.

Boston's Red Sox tallied four runs in the 13th to outlast the Athletics, 12-8, in the first game of a scheduled twin bill in Philadelphia. The Sunday 5:45 p. m. (EST) curfew called a halt to hostilities after the Sox had grabbed a 5-0 first inning lead in the second game.

Booster Teams Roll; Top ABC Keglers Due

ST. PAUL, Minn., April 30 (AP) — Booster teams continue firing in the American Bowling Congress Tournament with top keglers due back Thursday.

A total of 1,400 bowlers on 280 booster teams rolled Sunday with the Five Spots of Minneapolis creating the only stir with a 1,008 game. Although the team total of 2,681 was short of the leaders in the booster division, the 1,008 goes into the books as the 10th highest team single game ever rolled in the booster division in ABC competition.

Some of the nation's leading teams will be back on the runways beginning Thursday. Willie Ebosh and Earl Linsz, 1950 doubles champions from Cleveland, O., defend their crown Thursday afternoon. Their winning total last year was nine pins under the present leaders, Eddie Marshall and Bob Benson of Lansing, Mich., who lead with 1,334.

The leaders in all division:

Singles Clyde Potter, Akron, O., 723; Rudy Fassl, Cincinnati, O., 699.

Doubles. Eddie Marshall-Bob Benson, Lansing, Mich., 1,334; Joe Skorich-George Tolbert, Cleveland, 1,308.

All events' Ed Kawolics, Chicago, 1,959; Phil Icuss, Steubenville, O 1,922.

Team event; Murphy Truckers, Minneapolis, 3,029; Thompson Heating Corp., Cincinnati 2,979.

Booster teams' Meisenholder Motors, Vermillion, S. D 2,827.

Stable Hands Queried In Beulah Park Fire

COLUMBUS, O., April 30 (AP) — Deputy sheriffs today questioned two stable hands about an early morning fire yesterday which killed 25 thoroughbred race horses and one stable pony at nearby Beulah Park race track.

They booked Robert Gambill and Henry Lee Grant, both 22, on open charges. Firemen indicated that a cigarette may have caused the fire. Three of the 25 horses were burned so severely they had to be destroyed.

Although the flash fire leveled a 36-stall barn it will not affect Beulah Park's scheduled opening next Saturday, said O. K. Keller, track superintendent.

The horses that died in the fire were valued at about $50,000. The barn and equipment were valued at about $11,000.

Most of the horses were in training under Herbert Jolley of Vermillion, S. D. They were owned by W. J. Mook of Columbus and the Lookout Stud Farm and Estellita Farm of Covington, Ky.

HAMMONDSVILLE, April 30 (Special)—The cast was listed today for the Hammondsville School operetta, "Hansel and Gretel", to be presented Thursday night at 8 in the school auditorium.

No admission will be charged, but an offering will be taken to cover expenses, according to Miss Noreen Stegailov, director. The cast includes:

Peter, Edwin Tice; Gertrude, Joan Pysniak; Hansel, Ernest Leasure; Gretel, Maxine Twaddle; witch, Kathleen Cronin; sandman, Billy Young; dawn fairy, Rosalind Baker; chorus, Virginia Thomas, John Grafton, Carol Hooper, Wayne Ketchum, Howard Householder and Barry Lawrence, and angels, Jane Young, Donna Kelly, Doris Taylor, Janet Smolinsky, Joyce Van Dyke, Francis Speece, Doris Speece, Ann Baker, Dana Williamson, Delores Tice, Beatrice Tice, Lucille Householder, Ruth Whetzel and Pearl Grafton.

Music will be furnished by the Rhythm Band of first and second graders. Ruth Crook will be accompanist.

2 Of 4 Lose Lives At Moonshine Party

BECKLEY, W. Va., April 30 (AP)—A moonshine whisky party Saturday night held tragic consequences for all four who attended.

A woman was fatally beaten, her husband was critically wounded, another man committed suicide and still another was charged with murder.

The strange aftermath of the party in the Tommy Creek section, in the southern end of Raleigh county, had these victims:

►Dead—Mrs. Sadie Shrewsbury, 40, and Kelly Graham, 45.

►Critically wounded — Mrs. Shrewsbury's husband, Othos, 43.

►Charged with Mrs. Shrewsbury's murder, according to Deputy Sheriff Mason Farley, is Clyde Harman.

Chamber Airs Peace Talks

Direct Negotiations With Reds Proposed

WASHINGTON, April 30 (AP)—An endorsement of direct negotiation with Russia for world peace was presented today for approval of the United States Chamber of Commerce.

The proposed policy statement, one of dozens to be voted on at the Chambers' 39th annual meeting here, calls for a Soviet-American effort to reach "truly effective solutions — not mere paper agreements".

"The United States must convince the world, and especially its allies, of its sincere desire for world peace and insist that the Soviet Union offer adequate proof that it has a similar desire," the resolution says.

Listed as speakers at today's opening session were Secretary of State Dean Acheson and Senator Robert A. Taft (R) of Ohio, whose foreign policy views are usually in direct conflict.

The resolution on Russia was submitted by the Chamber's committee on policy after clearance by the board of directors. The membership vote will be taken Wednesday, the final day of the meeting.

A statement approving American aid to Marshal Tito's Yugoslav government was offered as a companion resolution. It declared that the Communist states outside Russia are a hazard to this country to the extent they become tools — "sometimes unwilling tools"—of Russian policy.

In his keynote address, Otto A. Seyferth, Chamber president, asked business to take the lead in promoting a national policy of self-denial during the emergency.

He deplored what he described as recent evidence that Americans have "grown callous to moral issues".

Tuesday Report Of Crime Probers Waited By Nation

WASHINGTON, April 30 (AP)—Hints of possibly sensational accusations are piling up in advance of the scheduled release tomorrow of the Senate crime committee's report on its nationwide investigation of racketeering.

Senator Tobey (R) of New Hampshire said yesterday he expects "several prominent men in New York" to be indicted as a result of the committee's revelations.

The committee's chief counsel, Rudolph Halley, indicated the report may carry some sharp criticism of former New York mayor William O'Dwyer.

Mr. Tobey and other comittee members appeared on a television program (N.B.C.), which also produced the news that a printer's proof of the forthcoming report had been stolen.

This disclosure, by Chairman Kefauver (D) of Tennessee, brought a bitter retort from Robert S. Allen, Washington newspaper correspondent. Mr. Allen, author of a series of stories based on the committee report, said he told Mr. Kefauver after the broadcast that "anybody who made that statement is a liar".

Midland Student Wins $600 Scholarship

The College of Steubenville said Louis Hallett, 641 Beaver Ave., Midland, won one of the two part-tuition scholarships valued at $600. A Weirton girl won the other.

Sherman Howard of Smiths Ferry, who attends Midland High School, was selected as an alternate. A Steubenville boy is the other alternate.

Two full tuition scholarships, valued at $1,200, were awarded Victory Magary of Mingo Junction, and Doris Payne of Toronto

Noted Negro Dies

CHICAGO, April 30 — Roscoe Conkling Simmons, Negro orator and political figure who seconded Herbert Hoover's nomination for re-election as president at the Republican national convention in Chicago in 1932, died here Sunday. He gave his age as 63. He was born in Greenview, Miss.

13 From City Attend Israel Anniversary Fete

Thirteen from East Liverpool attended a luncheon meeting Sunday at the William Penn Hotel, Pittsburgh, marking the third anniversary of Israel's independence.

In the party were Mr. and Mrs. Sam Gordon, Mr. and Mrs. Maurice Stein, Rabbi and Mrs. Albert L. Raab, Mr. and Mrs. M. J. Pearlman, Mrs. Dorothy Shapiro, Mr. and Mrs. Harry Gordon, Harry Altman and Morris Altman.

Sam Gordon was on the reception committee at the luncheon, when proceeds from drives to raise one million dollars for Israel were turned in. East Liverpool's drive is held later in the year.

IRONDALE, April 30 — Irondale High School Seniors netted $52 Saturday in a scrap paper drive to help finance the class trip to New York next week.

Fire At Lisbon Burns Plumbing Shop Annex

LISBON, April 30 (Special) — Fire of undetermined origin destroyed a small frame building at the rear of Lites Plumbing Shop on West Maple St. Sunday about 5:40 p. m.

The Volunteer Fire Department contained the flames without damage to the main building.

Catholics Await Fete

WHEELING, April 30 — Scores of Roman Catholic Church dignitaries, headed by Francis Cardinal Spellman, will take part in ceremonies tomorrow welcoming the new coadjutor Bishop of the Wheeling diocese.

Car Strikes Man, 65, On Palestine Street

EAST PALESTINE, April 30 (Special)—Howard Ealy, 65, retired crossing watchman, escaped with bruises and shock Saturday at 9:30 p. m. when hit by a car while crossing North Market St. in the business district.

Police said he walked from between parked autos into the path of a car driven by Gaylord Hadley, 18, of Unity township. No charges were filed.

Trial Started In Attack Case

Lisbon Jury Hears Calcutta Incident

The trial of Nelson H. Knight of Fredericktown opened today at Common Pleas Court in Lisbon before Judge Frank Cope, visiting jurist from Carroll County.

Knight is accused of attacking Mrs. Barbara Morris of Calcutta Jan. 31 after enticing her into his truck on the ruse that his wife was in childbirth.

The state has summoned 10 witnesses for the trial.

Originally scheduled to start this morning was the trial of Charles Moore of Clark Ave., Wellsville, charged with stabbing with intent to wound or kill his wife, Sarah, Dec. 24.

The case was deferred when he changed his plea to guilty this morning.

Judge Cope ordered him committed to the Lima State Hospital for 60 days' examination.

The jury in the Knight case was seated this morning. It includes:

Clara Horger, Harry Carothers and Albert Landcaster of East Liverpool; Verna McIntosh of Wellsville R. D. 5; Marie Carlisle of Lisbon R. D. 5, Virginia Koffel of Elkton, Helen Rohrman and Ruth Meals of East Palestine, Ross Kyser of Columbiana, Jammie Whinnery of Salem R. D. 2, Stella Johnson of Leetonia and Lena Taylor of Salem.

The alternate is Lottie Greaves of East Palestine.

Sneak Thieves Get 2 Purses With $80

Two Wellsville women reported to Wellsville police their purses, containing about a total of $80, were stolen from a residence and cab office sometime Saturday afternoon and Sunday night.

Mrs. Frank Moore, owner of the Safeway Cab Co., told police her purse containing about $65 in bills and change, was stolen from the cab office sometime Saturday night

Mrs. Jennie Calhoun, 613 Riverside Ave , told police someone entered her home Saturday afternoon and took a billfold and change purses that had been left on a table.

Mrs. Calhoun said about $15 was taken, along with some identification cards. Police said the rear door of the home had been left open.

Chief Back In Town, Tanned And Rested

Sporting a deep Florida sun tan, Police Chief L. J. Wise returned to East Liverpool Saturday night after a 30-day rest ordered by his physician.

The chief is due to return to duty Tuesday, with the beginning of the new month. He and Mrs. Wise vacationed in Fort Lauderdale.

Captain Chester C. Smith headed the department during the chief's absence.

Garfield League To Install Officers

Officers will be installed at a meeting of the Garfield Parent-Teacher League Tuesday night at 7:45 in the school.

Mrs. Lawrence Applegate, president, will have charge of the business when a report will be heard on the recent school carnival.

A musical program will be presented by pupils under the direction of Miss Mary Ellen Traubert, school music instructor. Rev. Albert McLain of the Second Presbyterian Church will have charge of devotions.

Refreshments will be served by homeroom mothers of the first and second grades.
